MINISTER OF COLONIZATION A BUSY MAN

Hon. Hector Laferte, member for Drummond, confronted with many activities since he entered the Ministry.

VISITS D'VILLE

Since he has been called to the Ministry of Colonization and Fisheries, in the provincial Cabinet, a month ago. Hon. Hector Laferte, representing this county at Quebec, has been on a continuous run to respond to his numerous activities in many parts of the province. He has addressed several meetings and answered to many invitations of various kind. On Arbor Day, at Quebec, he replaced the Hon. M. Mercier, who could not attend the fête on account of sickness, and spoke to a large gathering. Later he addressed a meeting, held for the same purpose, at Ste. Anne de la Pocatiere where he was the object of a very brilliant reception.

Friday last, Mr. Laferte replaced the Prime Minister in welcoming to Quebec, in the name of the provincial government, the Boys Scouts of this province holding a convention at the Chateau Frontenac Hotel. Immediately after he boarded a train for Drummondville where, for the first time since he is a member of the Cabinet, he met many of his local friends and electors, as he had many times wished but had been prevented from doing so because of his so many engagements elsewhere.

Cadets Paraded

The Academic David cadet corps, band and athletes, over 200 strong, paraded, late Sunday afternoon, and honoured by a martial salute and a musical selection Rev. George Melancon, curate of the catholic parish, Mr. Napoleon Garceau, the president of the School Commission, and His Worship Mayor W. A. Moisan, in front of their respective homes. All three spoke eloquently to the cadets, congratulated them for their good appearance and thanked their excellent teachers and directors, the Brothers of Charity, for their devotion in giving with zeal, to the children who attend their school, a splendid education seconded by the examples of a virtuous life.

Two By-Laws

At the last sitting of the Town Council it has been decided that two by-laws will be submitted to the rate-payers concerning the installation of a larger sewer system on streets located at the lower part of the town, and the other is about a commutation of taxes to the Dominion Silk Printing. Work at the plant of that company is being pushed very actively and the iron frame of the new building is actually being put up.

CANADIAN CELANESE APRIL TURNOVER GAINS SHARPLY

New Looms Still Being Added And Sales Growing Apace — Aggressive Merchandising Campaign Bearing Fruits—An Increase Of 600 Per Cent. Over Sales Of Same Month Last Year.

STEPPING UP OUTPUT

The aggressive merchandising campaign conducted by Canadian Celanese, is beginning to bear fruit, sales for April having shown an increase of 600 per cent over those for that month a year ago.

Unfortunately comparative figures are not available, nor are actual figures available as to the current volume of sales. Consequently it is not possible to determine the amount of business done. Shareholders, however, will find consolation in the fact that the percentage increase is quite substantial.

Further additions are being made to equipment. Several new looms have been installed. At the end of 1928, 212 looms were in operation and the schedule this year calls for the installation of another 150 looms. The plant, which is self-contained and modern in every respect, has an ultimate capacity of 1,500 looms.

By the end of this year, it is expected that the company will be producing on a much larger scale. Plant construction was only started in 1926. Fabrication with imported yarns was started about the middle of 1927 and in January, 1928, the plant for the manufacture of yarn was brought into production.

During 1928 the company more than doubled its fabric plant, but it will necessarily take time to build up production. Demand for celanese, however, has grown steadily and as the needs of the trade increase, the company has been adding looms.

The financial report of the company for 1928, made available a short time ago, showed profit on sales of \$7,372 which with sundry revenues of \$9,897, made a total revenue from operations of \$17,269. A reserve for bad debts was set up leaving a net revenue of \$13,257. In addition, the company received \$167,152, being interest on capital funds, which with the carry over from 1927, brought the profit and loss balance up to \$512,119.

Both the preferred and common stocks are selling at low figure. There are \$9,000,000 of the former outstanding and its depreciated price is due to the fact that it has been in arrears since April 1, 1926. The common, of course, reflects the position of the preferred.

There has been no official intimation by the company as to what action it will take in cleaning up the arrears on the preferred stock.

QUEBEC WOMEN'S INSTITUTE WILL ADVERTISE CELANESE

At Canadian National Exhibition, in August—Articles Being Prepared To That End—Institutes Of Different Counties Have Undertaken Different Tasks.

SEVERAL ACTIVITIES

That Quebec women will be represented on the founder's tablet of the projected Canadian Women's Memorial Building at Ottawa is pretty well-assured by the fact that the Quebec Women's Institutes are taking up the matter in earnest, and that many of the branches have already voted a share of the necessary one thousand dollars, which is the allotment in the Quebec Women's Institute. Articles are being prepared for the celanese exhibit at the Canadian National Exhibition in August by several branches, a laudable work to advertise this distinctively Quebec industry.

BROME COUNTY In Brome County, Abercorn branch subscribed for the official organ of the League of Nations, and had an address on the subject. Supplies for first aid kits were supplied for three schools by this branch. East Bolton had an address by Miss McEwen and Foster began arrangements for the annual school fair, sent supplies to the Victorian Order of Nurses and provided a layette for a baby, Highwater planned a social evening, and McNeil's Crossing stressed the needs of its own community. South Bolton had

a laundry demonstration, and a paper on "Art In Canada". Sutton Juniors are enthusiastic workers, their efforts to secure funds for a town clock receiving recognition, by a bequest of five hundred dollars.

COMPTON COUNTY Bury Branch in Compton County sent its quota towards the Memorial Building at Ottawa. East Clifton planned to improve the cemetery. Brookbury renovated the community hall, and sent its allocation towards the Memorial Building. Cookshire has a live branch Institute, and its activities are difficult to compress into a few lines. The local cemetery was improved through the reorganization of the Cemetery Association, and its permanent upkeep provided for. Nearly five thousand dollars were turned over from the Cookshire Institute for cemetery purposes. In the neighborhood of one hundred and seventy-five dollars were spent on lighting and general school equipment. Many sick ones and families in need were remembered with gifts, and food supplies sent to hospital lunch counters.

SERIOUS AUTOMOBILE ACCIDENT OCCURRED AT RICHMOND, SATURDAY

Evening C. N. R., train from Quebec struck Ford Sedan. — Boy seriously wounded.

The most serious automobile accident reported over the week-end occurred at Richmond on Saturday when the evening Canadian National passenger train from Quebec struck a Ford sedan containing Lawrence Delaney, of Melbourne Ridge, and his nine year old son, Lawrence, Jr., at a crossing known as the Bridge Crossing leading to the Melbourne bridge. Mr. Delaney, who was thrown clear of the car by the force of the impact, escaped with minor cuts and bruises, but his son received serious injuries and was brought to the St. Vincent de Paul Hospital here.

SERIOUSLY INJURED The accident occurred at about 9.15 o'clock. Mr. Delaney, who was driving the car, evidently failed to

CHURCH UNION IS RECOMMENDED

St. Paul, Minn.—By practically unanimous vote, the 141st general assembly of the Presbyterian Church in the United States of America yesterday adopted a far-reaching recommendation looking towards organic union of five large Protestant church bodies.

The proposal provided for appointment of commissions to confer with similar commissions from the Protestant Episcopal Church, the Methodist Episcopal Church, the Methodist Episcopal Church South and the Presbyterian Church of the United States, generally known as the Presbyterian Church South.

The action was taken in answer to an invitation for a commission to consider union extended by the Protestant Episcopal Church and its general convention in Washington in October, 1928.

E. T. NEWS OF INTEREST

WOMAN INJURED

Ayer's Cliff. — A very serious accident occurred on Friday evening when Mr. and Mrs. Fred Brown, of this place, were returning from Brown's Hill, where they had been spending the evening at the home of Mrs. Brown's brother, Mr. Bond Little, D'Etcheokyn Hill.

As they were descending the steep, the rein broke and the horse becoming unmanageable, the wagon was overturned, throwing both Mr. and Mrs. Brown some distance. Mrs. Brown sustained a broken wrist, an injured foot and several bruises. Mr. Brown escaped with a severe shaking up and some bruises. Dr. Brown set the broken bone and Mrs. Brown is as comfortable as possible. The wagon was badly smashed.

HELD BY POLICE

Sweetsburg. — A man tallying closely to the description of Joseph Dubois, who escaped from prison at Sorel on Thursday last was held on Saturday by High Constable St. Martin near here.

The man, who stated his name was Joe Martin, denied that he was the missing Dubois, but was unable to give any satisfactory account of either how he got here, where he came from or where he was going. Dubois, at the time of his escape, was serving a fifteen month's sentence for stealing a car.

High Constable St. Martin is at present waiting for the photographs and finger prints of Dubois to ascertain positively whether Martin is the man wanted for jail-breaking or not.

BOGUS LICENSES

Sherbrooke. — "This practice of using bogus license plates, which has become quite prevalent in the Eastern Townships, has got to stop," said Judge J. H. Lemay before a crowded Magistrate's Court Saturday, in sentencing Charles Henri Landry, of Magog, and David Dumas and Frank H. Price, of this city, to \$10 fines and costs for repainting and otherwise "doctoring" old license plates so as to resemble the 1929 issue.

During the course of his remarks Judge Lemay stated that he was giving the three men the minimum penalty, but of any more such cases came before him he would impose the maximum penalty, which includes an imprisonment as well as a fine.

Vacation at Dominion Silk Dyeing Co., Ltd.

The Dominion Silk Dyeing & Finishing Company Limited, in order to permit all their employees to take their vacation at the same time, are closing their plant for the period June 29th until July 8th.

Will Be Imposing

Sunday next, in the forenoon, the catholic population will observe the Corpus Christi feast. On that occasion there will be, as in the past years, an imposing procession from St. Frederick church to an improvised altar, at Mr. Lupien's, St. George street. Citizens representing every class of the population here will be in the ranks of the procession and along the streets where latter will pass, hundreds of steamers and flags will float.

DROP IN STOCKS LAST WEEK DUE TO CREDIT SITUATION

Hon. Mary Ellen Smith of Vancouver, the first woman to be appointed to a cabinet office in the British empire, who will address the International Suffrage Alliance in Berlin.

LESS CANADIAN MAPLE SUGAR CROSSED LINE

This Product, Although Usually Leading One, Was Decidedly Lower during past month, figures from Vermont Customs District Show.

VARIOUS PORTS

St. Albans, Vt. — One hundred and five thousands, nine hundred and eighteen dollars and sixty-five cents in customs duties were collected in the Vermont district during April, according to statistics for the month recently issued by Collector Harry C. Whitehill. This amount was collected on dutiable importations totalling nearly three-quarters of a million dollars, and represents a gain of approximately fifty per cent over collection for the preceding month. It also represents an increase of about \$4,000 over April, 1928, when collections amounted to \$102,086.33.

Record of collections at the various ports in the district for the month show that Newport collected \$39,174.46; St. Albans, \$37,111.55; Island Pond, \$12,947.40; Richford, \$5,330.87; Alburg, \$3,433.64; North Troy, \$1,639.64 Beecher Falls, \$656.67, and Derby Line, \$529.49.

Milk and cream again headed the list of revenue producing importations, both as regards value and duty. One hundred and twelve thousands, six hundred and ten gallons of cream and 127,635 gallons of milk entered the district during the month or nearly double the receipts of the same commodities for March. At the prevailing rates of twenty cents per gallon in cream, and two and a half cents per gallon on milk, these two daily products yielded \$25,612.88 in duties.

Maple sugar, usually one of the chief revenue producers for the district, was about the only commodity, on the list to show a decrease. Only \$5,434.56 was collected from this source during April, on shipments aggregation 135,864 pounds.

Receipts from miscellaneous importations for the month amounted to \$30,342.12.

No Parking!

Chief of Police Moquin has been asked by the municipal authorities to strictly enforce without delay the law against motorists parking along the sidewalks here without necessity. Many young gentlemen with their cars parked on our streets for the sole purpose of exhibiting their self-propelled four-wheelers or to solicit young ladies for a ride will now on have to step on the gas and move along. That sort of parking is not only a nuisance, but a pest only tolerated in the hickiest towns, and the sooner the police puts an end to it the better, for many reasons nobody ignores.

Fall in Market Valuations in New York Governed Action of Canadian Exchanges — Situation Further Complicated by Holiday — Heavy Payments Next Month Suspend Action—International Influence Exerted on Canadian Stocks.

HEAVY PAYMENTS

Stringency of credit in the United States, anxiety lest the federal reserve board would accept the advice of the federal advisory council that permission should be given New York and other centres to raise the rediscount rate to six per cent, and the resultant substantial fall in market valuations in New York called the tune to which Canadian stock exchanges moved during the last week.

The situation was further complicated in Canada by a short trading week and traders feared to take speculative commitments over the holiday from Thursday afternoon to Monday morning while things were so unsettled in New York: The result on practically every exchange during the week was dullness, weakness, declining prices and an increase in the number of traders standing on the side lines, waiting for a turn in the tide.

A MOTORCYCLE SMASH CLAIMED DRIVER'S LIFE

Leslie Stracchino, Sherbrooke, Died as Result of Injuries Received When His Cycle Skidded After Striking Soft Spot on Brompton Road.

FAST DRIVING

The first motor fatality of the season in the Eastern Townships occurred Wednesday evening when Leslie Stracchino, nineteen year old son of Mr. and Mrs. A. Stracchino, of Sherbrooke, was thrown from a motorcycle which he was driving and died shortly after from his injuries. The accident took place on the Brompton Road just at the city limits.

About eight o'clock Stracchino left for a drive on the Brompton Road, his older brother following him with a car. While travelling along the level stretch, near the Brault farm, the front wheel of the motorcycle evidently struck a soft spot in the road, causing the machine to swerve. Although the rider was an experienced driver, he was unable to regain control, and the machine crashed into the ditch and threw the occupant almost seventy feet, rendering him unconscious.

The older brother and other passing motorists rushed to his aid, an ambulance was summoned and the unfortunate boy rushed to the Sherbrooke Hospital, where Dr. W. E. Hume assisted by Dr. H. D. Bayne made an examination which revealed a fracture of the skull. The victim passed away shortly after being admitted to the hospital without recovering consciousness.

Play-Grounds

Mayor W. A. Moisan was in Montreal last week, where he met the officers of the Dominion Textile and obtained from them that the grounds belonging to that company and actually vacant, near the Drummondville Cotton Ltd here, will serve as play-grounds for the children during the coming summer vacations. This is indeed an excellent news for our population, but most especially for the parents whose children have no other place than the sidewalk or a too small backyard where to gambol during the summer season. The Mayor is to be heartily congratulated for the excellent results he thus has obtained thanks to the interest he takes in giving all the welfare and protection possible to the children in Drummondville.

When two stations conflict, it's hard to tell whether one is weaker because you want it or whether you want it because it is weaker.

SPORT NEWS

SECOND BRILLIANT VICTORY WHEN OUR LADS WIN OVER THE ST. DENIS BY 4 TO 2

A rally in the 9th inning equals the score and a smacking home run by Lemoine adds two other points for the local team.

The Drummondville baseball team has won a well earned victory, Sunday afternoon, over the St. Denis team of the Montreal City League.

It must be said that the visitors taxed every energy our players put in their play and that victory was not a very easy thing to keep home Sunday.

Schamel, as usual, played with precision, striking out 12 men at the plate. He was well seconded by Meloche, the new catcher, who certainly is a fine acquisition for the Drummondville club, as he has given evident and practical proof Sunday.

Pepin, Azarias Gauthier, Beaulac and Lemoine, as infielders, while Coriveau, Tessier and Bouchard, as outfielders, have given fine account of themselves during the entire play.

Beaulac deserves a special mention for the way he played in the field and for his three safe hits; he was applauded several times by the fans and he well deserved it.

"Vic" Pepin, the always popular manager of the local team, surely greatly contributed to the success of the locals. Thanks to his rally in the ninth inning, the St. Denis pitcher lost quite a lot of nerve and precision, which helped our team to tie up the score.

Then when the supplementary inning came, time was ripe for scoring some more by our players. Meloche hit for the first. Gauthier was struck out, Beaulac hit the ball but the latter was at the first base before he had time to get to the grand hit, a home run, by Lemoine. There was an enthusiastic demonstration to the winners at the close of the game.

Celaneese maintain winning sequence, defeating Magog. Visitors lose here by 3-0, Saturday — Magog failed badly in front of goal.

Local club never in trouble. Celaneese kicked off facing the sun and wind but went down right away to force a corner on the right.

Tattersall being particularly clever. Lloyd was showing up better than in the first period and it was his center which West, running in, breached into the net to put Celaneese three up.

Magog now lived up to considerably and held play in the Celaneese half for a time, but failed very badly in front of goal. On one occasion Hewitt and Taylor got away twice on the left in quick succession but both his final efforts were wide.

Celaneese, 1; Magog, 0. Immediately from the start Celaneese went ahead, Bridge receiving the ball about thirty yards out, beat Sandell and then Hamilton and finished up with a beautiful low shot which Brown dived at and missed.

Leg Fractured. Late yesterday afternoon the Bouchard & Milot ambulance was called at corner of Brock and St. George streets from where it removed a patient to the St. Croix Hospital E. Valance was working at excavation suffering from a fractured leg.

Unavailing Remorse. We need be careful how we deal with those about us, for every death carries with it to some small circle of survivors thoughts of so much omitted, and so little done—of so many things forgotten and so many more which might have been repaired, that such recollections are among the bitterest we can have.

Local club never in trouble. Celaneese kicked off facing the sun and wind but went down right away to force a corner on the right.

Tattersall being particularly clever. Lloyd was showing up better than in the first period and it was his center which West, running in, breached into the net to put Celaneese three up.

Magog now lived up to considerably and held play in the Celaneese half for a time, but failed very badly in front of goal. On one occasion Hewitt and Taylor got away twice on the left in quick succession but both his final efforts were wide.

Celaneese, 1; Magog, 0. Immediately from the start Celaneese went ahead, Bridge receiving the ball about thirty yards out, beat Sandell and then Hamilton and finished up with a beautiful low shot which Brown dived at and missed.

Leg Fractured. Late yesterday afternoon the Bouchard & Milot ambulance was called at corner of Brock and St. George streets from where it removed a patient to the St. Croix Hospital E. Valance was working at excavation suffering from a fractured leg.

Now a Straight-Eight. With the recent announcement of the new Marmol-built Roosevelt, Marmol now offers a straight-eight in all price classes.

THE CENTER OF ATTRACTION WHERE THE BEST IS DEMANDED. Old Stock Ale.

The Towne Gossip

That lecturer who deplores the waste of white paper may have been reading these gossips.

We know a fellow who was awful glad, Monday. He caught a large black bass in the St. Francis, and immediately went around town showing his fine catch. He even had himself photoed with it, but, most unfortunately, nothing of the fisherman or of the fish did show on the film, we don't know why.

Why should we complain? Life is like that. If you pick out a dozen sound apples the next customer, trusting the merchant and luck, will get more than his share or rotten ones.

Who was the D'ville guy driving at 60 miles per hour, at St. Cyrille, one day last week? He might receive an interesting reminder from brother traffic cop, one of these days.

The axle drummer will soon see to it that a big operation take place by the local dog expert.

If the dead ever come back, we'd like to see Ananias imagine funny gossips in this town, this week.

Now that summer has come for good, Rolland wears a long overcoat to replace the classical short one we've seen him in, all last winter.

Ping Pong games are getting scarce in Drummondville and vicinity, this summer. It used to be a grand sport, says Severin P.

HEART BREAKER

David Copperfield, alias The Lone Wolf, has given up his secret haunts and has shown himself as the real character that he is, and behold him, now, shrouded in his new alias "The Beau Brummel of Drummondville.

The reformed David Copperfield, alias the Lone wolf, alias the Beau Brummel, alas, no longer hunts over the dark and dreary trails he used to follow all by himself, no longer does he gaze at the moonlit sky above, sorrow and lonesomeness in his heart, no longer does he roam and wander aimlessly about the world, no, his cold and stony heart has at last been touched by one of Cupid's famous arrows, and the wily wolf has fallen at last.

He has found out now, that the lone life is not all what it seems, and that in order to enjoy life, one must at one time or another include the fair sex.

So that now, one can hold The Beau Brummel, casting his sharp and keen eyes about for a certain lady fair, most any evening, hoping to meet her, and it will then be the end of a perfect day for the Lone Wolf, alias The Beau Brummel.

Wonderful, Oh! how wonderful it all is.

There is only one thing which spoils this idyllic story, and that is, that the Beau Brummel cannot forget his former life under the alias of The Lone Wolf, because he still tries to disguise himself and hunt again his former trails in strange cars, other than his own. What a shameful thing to do... In the meantime, no one can identify him, and another heart is nearly broken. Terrible, terrible, heartless. But then, one cannot shake off old bonds as easily as all that, it takes lots of time and patience and the Lone Wolf has a lot to learn yet.

Anyhow, Dave, let the past be buried, let the future care of itself and let your conscience be your guide.

To umpire Demers or Le-maire: Another need of the times is a hand motion that will mean: "I'm sorry, but

you're out," instead of, "You're out, d— you".

Beaulac had a brand new pair of white shoe strings, Sunday afternoon.

Was it the strange throws or the strength put to hit them hard, that caused so many bats to break, at the last local game?

That pitcher Thomas is a marvel, but he should pin his shirt where it belongs to when he wears it.

Fortunately, Scots are lean by nature and thus avoid the agony of paying board while trying to reduce.

Outfielder Corriveau basquipped a few corks, Thursday, which shows, after all, that handling a clipper on the human skin will necessarily not hurt your aptitudes in catching a horse hide sphere.

The way "Vic" can pedal between two bases could discourage a long distance bicycle racer.

The St. Denis were wrong to pack up their bats and gloves too early in the ninth...

Pepin played a pippin one on Thomas' nerves in the 9th.

Even if a black cloud hangs on the diamond, Friday night this week, let the local boys not forget that all they have to do is to score and that Damien will be there to pin figures on the score-board.

STOCK EXCHANGE

Mr. P. Agetees, well known around the Montreal Stock Exchange and the office of McDougall and Cowans of Montreal, was in town last week, trying to find some acquaintances who were ready to invest money, as Mr. P. Agetees had some good tips on the present falling market.

AYRSHIRE HERD WILL BE SOLD AT ABERCORN

Thirty-Three Animals of Paramount Stock Farm to Be Put Up at Auction May 31. — One of Best Herds in Eastern Townships.

NOTED ANIMALS

One of the largest auction sales of its kind ever held in the Eastern Townships is scheduled to commence at noon Friday this week, when the thirty-three high grade Ayrshires, which make up the herd of the Paramount Stock Farm, at Abercorn, will go to the hammer.

The Paramount Stock Farm was started in 1920 with the purchase of six hears of promising young stock from the noted "Allcroft Sale" for the price of \$2,000, and from these animals a young herd has been developed one of the best Ayrshire herds in the Eastern Townships. The herd sires trace back to such noted animals as Brae Rising Star, Finlaystings San Toy, Barweys Flashlight and others.

Arrangements have been made with the Canadian Pacific Railway Company for the morning express from Montreal to stop at Abercorn on May 31st and to also stop on its return trip at five p. m. as a convenience to those who desire to reach Abercorn by train.

The herd has been fully accredited since 1921.

Vagrants

Sunday afternoon two men and two women were arrested here under the accusation of vagrancy. The four were brought to the police station where they pleaded guilty. Justice of the Peace Eugene Pelletier served them a fine of \$5 dollars each which they hastily paid to save themselves from 15 days in the local jail.

CHEVROLET, Star, Ford and Whippet owners are specially benefited by our line of Goodyear Tires. Goodyear provides variety for users of 3 1/2" and 4.40" tires. Both sizes come in Pathfinder, a tire made for those to whom price is most important. Then there's the All-Weather Tread, 3 1/2", 4.40" and 4.50", the best tire money can buy. Or for heavy loads or where roads are rough there's the All-Weather Tread Heavy Duty. Full Goodyear quality and value—yet you pay no more than for "cheap" tires!

Specialist Cords—more stretch than old-style cords.

QUEBEC WOMEN'S

(Continued from page 1)

MEGANTIC COUNTY

Crawfordville, in Megantic County, provided seeds for the use of children in preparation for the annual school fair. Inverness discussed the work of the League of Nations, as did Lemesurier branch. This branch made plans for the school fair in the autumn.

The meeting at Dennison's Mills, in Richmond County, was devoted to necessary business. At Cleveland the branch will pay its share towards the Ottawa Memorial Building.

SHEFFORD COUNTY

In Shefford County, Granby Hill branch spent the time at the monthly meeting in sewing for needy neighbors. North Shefford appointed several special committees, enjoyed a guessing contest and planned several gatherings. The branch at South Roxton heard an address by Miss McEwen, assistant superintendent of Quebec Women's Institutes, and Warden-Waterloo voted money towards the Memorial Fund. Seeds were distributed among the school children, prizes to be given for results.

SHERBOOKE COUNTY

Ascot branch in Sherbrooke County discussed practical household matters, held a public sugar social and arranged a roll-call contest. Lennoxville branch entertained the county convention and planned a public gathering, also co-operated with the cemetery committee on clean-up day. This branch has a furnished room for its meetings which serves as a club room for women's meetings in the community, and loans its equipment for church and secular purposes.

Ayer's Cliff in Stanstead County arranged for a play, assisted in the League of Nations drive for subscriptions, and planned for a school fair in the autumn. Beebe planned social functions, placed war memorial pictures in the school, and assisted in the expenses of the skating rink. Interesting papers formed the programme.

Perhaps there is no short cut to culture, but a short cut to education is to buy Consolidated something on margin.

Two Cruises

The Canadian National Steamships operate a fortnightly service between Montreal, Bermuda and the West Indies, with their new palatial Twin Screw Steamers, "Lady Nelson" and "Lady Somers" carrying only first class passengers.

For the summer season, very low round trip rates are in effect. A delightful tour from Montreal to Bermuda of 3000 miles, can be had for \$80.00 return, or a twenty-four day tour to the West Indies for \$180.00 return, including meals and berth on the steamer. Passengers have the privilege of stopover if desired. The steamers have luxurious accommodation; staterooms fitted with twin beds, all outside

rooms, lounges, smoking and other public rooms.

Arrange to spend your vacation in Bermuda or the West Indies, with its quaint old-world homes and customs. Splendid hotels, golf, drives, etc. you will enjoy every minute.

For further information, literature, sailings and reservations apply to any Agent of the Canadian National Railways.

The most timid maid feels safe in the presence of two men—or one who is bald.

A visit to the old home town is disappointing. If you brag, you seem an ass; and if you don't, people can't understand how important you have become.

NEW ESSEX MODEL

The most recent addition to the 1929 line of the Hudson Motor Car Company is this flashy, ultra-stylish, special "eighty" speedster mounted on an Essex the Challenger chassis. The body, custom built by Biddle and Sharp, is low and suggestive of the fastest of race cars. It is equipped with a folding windshield and there is a surprisingly large rumble seat in the rear

deck. A top and side curtains are included as part of the standard equipment.

The car comes in a variety of colors, and bright work is chromium plated as on all Greater Hudson and Essex the Challenger models.

On account of the extreme lightness of this type of body, and the low center of gravity found in this model, Hudson engineers have

found it practicable to incorporate an overdrive, which makes it possible to combine safety with the tremendous speed which this car attains.

By means of special construction which makes it possible to lower the back of the seat to the floor, it is possible to convert the entire rear of the car into a very comfortable bed.

Watch Next Week's SPOKESMAN

FOR AN IMPORTANT ANNOUNCEMENT

\$5,000 Given away

TWO AUTOMOBILES AND OTHER WONDERFUL PRIZES AND COMMISSIONS

Will be given away to contestants who take subscriptions to "La Presse" and "The Spokesman".

CAMPAIGN OFFICIALLY OPENS

Wednesday June 5th

Everybody WINS

The complete details will appear in the May 30th issue of "La Presse" in the June 4th issue of "The Spokesman".
