

The Spokesman

"Empire buyers are Empire builders. For us the Empire begins in Canada," is a real motto!

DRUMMONDVILLE, JUNE 17, 1930

PRICE FIVE CENTS

WILFRID GIROUARD UNANIMOUS CHOICE OF LIBERAL CONVENTION

Meeting Held After Convention — More Than Island Electors Present — Speakers Were, Beside Mr. Girouard, Hon. Laferte, Hon. Perrault and C. Howard, M. P., Sherbrooke.

CONSTRUCTIVE POLICY

Liberal Convention for the riding of Drummond-Arthabaska Kingsley Falls, yesterday afternoon, and, as was expected by those attending, and the citizens of both counties who know who closely followed his good work while he has represented the Province at Ottawa, Mr. Wilfrid Girouard, M.P., was unanimously chosen the official standard bearer. The meeting was presided by Mr. Zenon Dumouchel, mayor of Kingsley Falls.

Mr. GIROUARD

Following the convention a public held, at which no less than 100 electors, from all parts of the county, attended. Besides the speakers were Mr. Laferte, Minister of Agriculture and Fisheries, the Hon. Mr. Perrault, Minister of Mines, and Mr. C. Howard, representative of the riding at Ottawa. Mr. Girouard was ovated when he stepped forward to address the assembly. He heartily thanked the electors for their confidence in him and assured them that all as in the past, will be giving his best for the administration of Canadian affairs.

Mr. Girouard, in concluding his speech, spoke eloquently of the good relations existing between the two counties forming this riding and expressed the wish that they will continue to be such.

HON. LAFERTE

Hon. Laferte congratulated Mr. Girouard on his choice as the standard-bearer for the Liberals in this federal county and assured him

NEW YORK INDUSTRIAL DIED ON BOARD C. N. TRAIN HERE

Chubb, the Deceased, Was Co-Proprietor of Pulp Mills in New Brunswick — Taken Ill Near St. Hyacinthe.

Mr. Chubb, 73, wealthy New York industrialist, passed away Sunday, aboard the Oceanic National train in here at 10 P. M.

He had left Montreal for New Brunswick to visit his large interests in pulp mills. He intended to stay on a few weeks' vacation. He had felt ill for some time and had called for a doctor, but he passed away a few minutes before the train reached Drummondville. Heart failure caused his death.

Here the body was brought to Mr. Lefebvre's mortuary parlors. The valet who was accompanying Mr. Chubb and the latter's private secretary, who arrived Sunday morning, by airplane up to St. Lambert, saw the mortal remains to New York, Sunday night.

DEFRENNE'S CONCERT HERE

JUNE 30, BIG ARTISTIC EVENT

at the Academy Auditorium — "Queen of French Songs" — Accomplished Vocalist.

Artistic events are not very common in Drummondville and singing entertainment to be given here, June 30, at the Academy Auditorium, by Mademoiselle Lucienne Defrenne, of Montreal, who is called the "Queen of French Songs" should gather a large attendance of lovers of fine vocal music.

Free will be under the auspices of the local press and an art of the proceeds will be given to the Ste. Croix Hospital. A committee of Ladies are presently organizing the selling of and it is hoped their work will meet with a well deserved success.

ANNUAL MEETING OF DIRECTORS OF THE "MANOIR DRUMMOND"

Yesterday — New Board Elected — Deficit No Disappointment.

COMPLETE REPORT

Annual Meeting of Directors of the Manoir Drummond. The annual report of the retiring Board covered the first full year's operation of the new hotel, March 1st 1929 to Feb. 28th, 1930. Messrs P. S. Ross and Sons, Chartered Accountants, Montreal, were re-elected for the current year on motion of Mr. F. A. Chisholm seconded by Mr. E. A. Courchesne. Messrs Ares and Weaver acted as Scrutineers. On a motion by James Harrison unanimously adopted the new Board of Directors will consist of Messrs. Montplaisir, P. T. Davies, F. A. Chisholm, W. S. Gall, L. C. Haskell, Rochfort H. Sperling, A. Schwartz, Major J. W. St. Onge, Chas. Johnston, and they will at an early date elect a President for the year. Although the hotel does not show

QUESTIONS THAT CAME UP BEFORE COUNCIL, TUESDAY

Removal of Garbage from Back Yards — By-Laws Receive Final Approval — Public Demonstration Here on Federation Day — Committee Named.

OTHER QUESTIONS

The first semi-monthly council meeting for June was held Tuesday, under the chairmanship of Mayor W.-A. Moisan, and attended by the Aldermen N. Lindsay, J.-C. Duchesne, J. Fortin, F.-X. Belhumeur, A. Girard, C. Cordeau and E. Pelletier.

One of the principal questions brought up and discussed was regarding the means to be taken for a more effective removal of garbage from the back yards. Several citizens, explained Alderman Belhumeur, are complaining that the scavengers' rounds are not made often enough. Mr. Cloutier, superintendent, for the general works of the Corporation, told the Council that the scavengers, numbering two only, do their best in the occurrence, but that they cannot suffice to their task on account of certain back yards, those of certain establishments particularly, where they have to work long hours because the garbage and other refuse and waste matters are often scattered all over.

It was pointed out by the Council that the scavengers' work is to cast away garbage and not to clean back yards. Alderman Cordeau and Chief of Police Moquin will see to it that the citizens keep

(Continued on page 4)

NOW MINISTER IN FEDERAL CABINET

William Frederic Kay, M. P., named minister in the King Cabinet, Saturday, at Phillipsburg, Que., is by profession a lawyer, but he owns a farm at Phillipsburg, and describes himself as a farmer. He was born in Montreal in 1876, the son of English and Canadian parents. He was educated in England and at McGill University, from the latter seat of learning being granted the degree of B.C.L. He married Athalie Baptist, of Three Rivers. He was first elected to the House of Commons in 1911, was re-elected in 1917, 1921, 1925 and 1926. His majority against C. Pickett was 1,121, and in 1925 it was 1,608.

G. H. Baker was the last Conservative member for Brome-Missisquoi, he being elected in 1911 by a majority of 24. It was in this constituency that the Hon. Sydney Fisher was defeated by a majority of 1 in 1891, but Mr. Fisher was re-elected in 1896 and served the county for 21 years.

Lights Should Be Carried By All Vehicles

Danger of Horse-Drawn Vehicles and Bicycles Travelling on Highways After Dusk Without Lights or Reflectors Pointed Out.

"HIDDEN DANGER"

Under the heading "The Hidden Danger" the official bulletin of the Provincial Department of Roads deals at some length with the dangers of horse-drawn vehicles and bicycle which do not carry lights after sunset.

It is pointed out that the vehicles and bicycles that travel on the roads after dark constitute one of the greatest dangers of the highway at the present time. Although there is no law to force the owners of such vehicles to carry lanterns or reflectors, the Bulletin states that the owners of these conveyances should be convinced, through common sense, that by failing to do this they are courting an ever threatening danger. Motorists, whose cars are compelled by law to carry lights, are entitled to some consideration, and they should not be exposed to such hidden hazards.

Traffic officers have received strict instructions to watch out for any rider that neglects to carry a light or a reflector or who travels in a zigzag fashion without paying any attention to the most elementary rules of traffic.

WILFRID GIROUARD, CHOSEN LIBERAL STANDARD BEARER

Wilfrid Girouard, M. P., has been again chosen, yesterday, at the Liberal Convention, at Kingsley Falls, candidate for Drummond-Arthabaska counties. He was born in 1892 at Drummondville, Que., the son of J. E. Girouard, French-Canadian and his wife, Emma Watkins, English. As a boy Wilfrid Girouard was educated at Loyola College, then on Drummond street, Montreal, at St. Mary's College, and he took his law degree of B.C.L. at McGill University. He married in 1923 the daughter of David Marsil, of St-Eustache, Miss Therese Marsil, and was first elected to Parliament in 1925, re-elected in 1926. He is a Liberal, a Knight of Columbus, a member of the Victoria and the Arthabaska Club and resides at Arthabaska.

In 1925 he defeated his opponent by 5,375 majority, and in 1926 he increased his majority over C. St. Sauveur by 5,786. Since 1882 has Drummond-Arthabaska been represented by a Conservative member.

Kay Represents P. Q. Minority in the Cabinet

Honor for Eastern Townships — Dr. MacMillan Becomes Minister of Fisheries — Other Vacancy.

READJUSTMENT

Dr. Cyrus MacMillan, a member of the faculty of McGill University will be sworn in before His Excellency the Governor-General at Quebec to-day as Minister of Fisheries in the King Cabinet, and simultaneously W. F. Kay, since 1917 Liberal member for the merged ridings of Brome and Missisquoi, will enter the Cabinet as a Quebec Minister without portfolio.

The two appointments were made at a Cabinet Council late on Saturday afternoon. The swearing in process will take place in Quebec because the Governor-General is now in residence there. So many of the Ministers are away for the election that only a bare quorum assembled on Saturday, the Prime Minister and Messrs. Lapointe, Stewart and Rinfret.

It was intimated that Mr. King plans a readjustment of the Cabinet, after the elections. Meanwhile Mr. Kay is without portfolio. The new Minister of Fisheries, Dr. MacMillan, is under 50 years of age, a native of Prince Edward Island where, in Queen's County he has been nominated. His appointment rounds off the provincial representation in the Cabinet. Dr. MacMillan was a member of the Duncan Commission which investigated Maritime claims and wrote much of the report on the implementation of which frequent discussion has been heard in Parliament. Later he was a member of the Commission which investigated the fisheries of the Maritime Provinces and made numerous recommendations. Dr. MacMillan is thus described as the connecting link between two commissions which have "led to the economical renovation of the Maritime Provinces." At the recent session a separate portfolio of fisheries was created.

Tops List

Report received concerning daily water samples from our waterworks plant, and their B. Coli determination, shows that our water is A-1. Drummondville tops the list with the following cities and towns where the water is very good: St. Hyacinthe, Racine, Grand'mere, Noranda, Les Cedres, Trois-Rivieres, Riverbend, Chandler, St. Johns, St. Lambert, Pointe-Claire, Crabtree Mills, St. Vincent de Paul, Ste. Anne, Beauharnois, Chicoutimi and Lauzon.

Injured Foot

Romer Gauthier, 20, was bathing with friends, in the Riviere Noire, near here, Sunday, when a rusty wire cut through his foot. Dr. Charpentier was called, and pulled out the wire. Gauthier had after his foot treated at the local hospital.

POLITICAL ACTIVITIES IN THE EASTERN TOWNSHIPS

Liberal Convention in Richmond, To-day — Banquet to Senator Tobin — Sherbrooke Conservatives Select Mr. Lynch.

IN BROME-MISSISQUOI

While the Liberal members for Sherbrooke and the three surrounding counties, Richmond, Compton and Stanstead, have been carrying on considerable organization work since the announcement of dissolution, the first public activity of the campaign will be this afternoon, when the Richmond-Wolfe delegates meet at Richmond to select a successor to Senator-elect Tobin, who has represented the constituency for thirty years. Several prominent Liberals of the county are named by Dame Rumor to fill the shoes of the worthy Senator, but the most probable candidate is Hon. Walter Mitchell, former Provincial Treasurer, and for many years member of the Legislative Assembly for the County of Richmond.

TO HONOR TOBIN

This evening the Sherbrooke Arena will be the scene of a gathering of the friends of the Senator-elect, on the occasion of a complimentary dinner in his honor. Hon. P. J. Cardin, Minister of Marine and Fisheries, will be present

on this occasion and deliver the feature address of the evening, while members of both the Federal and Provincial Houses of Parliament will be in attendance. The committee in charge consists of Messrs. F. Fortin and Cesaire Gervais, for Sherbrooke County; Dr. Dupuis and R. H. Gooley, for Stanstead; W. Lazure, for Compton, and J. Asselin, for Richmond.

IN COMPTON

To-morrow morning at ten o'clock (standard time), the delegates from all parts of Compton County will gather to nominate their candidate. It is a foregone conclusion that J. A. Letellier, of Megantic, member in the last house, will be chosen again. In the afternoon a public meeting will be held at Bury, when the Hon. P. J. Cardin will deliver the main address.

IN SHERBROOKE

Sherbrooke County delegates will meet to-morrow evening in the Sherbrooke City Hall to again offer the candidature to Charles B.

(Continued on page 4)

BY-LAW FOR \$58,000 LOAN WILL BE SUBMITTED TO RATE-PAYERS

On July 3 and 4 — Several Urgent Works to Be Effected — Particulars to Citizens

Thursday and Friday, July 3 and 4, the rate-payers will be called upon to vote concerning a by-law for a municipal loan of \$58,000, sum to be spent for the following works to be effected early this summer: Repairs to workmen's houses; construction of new sidewalks; repairs to street pavings; extension of waterworks and sewers to the Denison Manufacture; widening of Bridge street, at its junction with Heriot street, etc.

Previous to the polling days the Mayor will invite the citizens to attend a public meeting at which full explanations will be given them regarding the urgency of effecting the public works in question.

CONFLAGRATION IN D'VILLE, 104 YEARS AGO, THIS WEEK, RECALLED

Caused By Brush Fire — Wells Empty — No Means to Fight Flames — Only Three Houses and the Churches Left Standing.

In June 1826 Drummondville, then only eleven years old was visited by fire, which raged in the woods on both sides of the St. Francis river, and on Wednesday evening, the 21st of the month, the fire had travelled two miles and was within a few hundred yards of the Roman Catholic Church, the bell of which was vigorously rung to call every possible help to save it from destruction.

A happy change in the direction of the wind was so great a help to the inhabitants that, being fearfully tired, they were able to go to their cottages and farms hopeful that the worst was over, but on Thursday morning the winds changed direction and blew the smouldering brush into a great flame, which was beyond the strength and wit of the people, for bending every effort to save the Church, which was successful, practically, nothing was done to protect barns, neighbouring dwellings and village stores.

Wells were empty — they had not contained much water because of a long drought; there were no ladders, and chemical fire apparatus at that time was only a hazy dream of science students. At eight o'clock on Thursday morning the Roman Catholic Church was safe, and the Anglican Church, which had been on fire three times, was also saved.

Unfortunately, by 10 o'clock in the forenoon only three houses and the two churches built of wood remained standing. Two of the houses were occupied as taverns, one by H. Menut, one by a person called Tweemey and the private house was occupied by Mr. L. Travers. Everything else was eaten by the forest flames. The houses occupied by the Rev. Mr. Wood, Church of England Missionary, and by the Rev. Father John Holmes, Roman Catholic Missionary, were destroyed. These two residences were the

(Continued on page 4)

PREMIER KING DELIVERED A VERY BRILLIANT SPEECH LAST NIGHT

Spoke of Record, Budget and Conference — Will Speak in Quebec, Thursday, Then Will Proceed East.

The political campaign on both fronts was under way last night with the keynote speech of the Prime Minister, Hon. W. L. Mackenzie King, to an audience at Brantford, and to the country at large by means of a nation-wide radio hook-up.

Mr. King left Ottawa in the morning for Brantford, accompanied by his secretary and by Prof. Norman Rogers of Queen's University, who used to be on his staff.

In his opening speech the Prime Minister dealt not at all briefly, with the record of his Government, with the recent budget and finally with the Imperial Economic Conference. The result of the election

will determine what party is to speak for Canada at these important gatherings.

TO PROCEED EAST

At Peterboro-to-night it is understood, Mr. King will deal particularly with employment. On Thursday, he will be in Quebec City, where, the Governor-General being present a Cabinet Council will be held as well as the political meeting. Afterwards the Premier will go to the Maritimes.

With the departure of Mr. King all of the cabinet ministers are away and the capital is deserted except by those in charge of the routine of departmental administration.

(Continued on page 4)

NO DECISION TAKING YET AS TO VOLTAGE QUESTION

SENATOR E. W. TOBIN WAS FOR 30 YEARS MEMBER AT OTTAWA

E. W. Tobin, former M. P., for Richmond-Wolfe, who is now named to the Senate, after a 30 years service to the cause of his party, was born at Brompton Falls in 1865, the son of Patrick Tobin and his wife, Helen Hawley, who came to Canada from Limerick, Ireland. He was educated at the public schools, and in April 1893 he was married to Elizabeth Jean Nott, of Devonshire, England. He has four children, three daughters and one son. Mr. Tobin is a lumber and pulpwood and paper dealer and manufacturer, being President of the Brompton Pulp and Paper Company, and a director of many other kindred concerns. He is a Knight of Columbus and is also a member of several social clubs in Sherbrooke and Montreal. He was elected to the House of Commons in 1900 by 983 majority, and for thirty years has succeeded himself, never by acclamation, but at the last general election he defeated Mr. Hayes by 3,688. Richmond has not been Conservative since the days of Cleveland, and Ives, away back in 1891.

E. T. NEWS OF INTEREST

SKULL FRACTURED

Sherbrooke. — A verdict of "accidental death" was returned at the inquest held at the Central Police station Friday evening into the death of Joseph McIntyre living on Mount Pleasant street, which occurred at the St. Vincent de Paul Hospital Thursday afternoon. McIntyre entered a local hotel about ten o'clock and made for the washroom in the basement. When starting downstairs he lost his balance and fell headlong, striking his head against the floor. Several men in the lobby rushed to his assistance while a doctor and an ambulance were called. The man was removed to the hospital, where an examination revealed that he was suffering from a fracture of the skull. His condition steadily grew weaker and he passed away three hours later.

LAD DROWNED

Compton. — The waters of the Coaticook River claimed their first victim this season, when Louis Vaillancourt, seventeen-year-old son of Mr. and Mrs. Archille Vaillancourt, living on a farm a short distance from this village, was drowned Thursday afternoon. Vaillancourt and a number of his companions were swimming in the little river at a point about three miles from Compton, when the victim, who was a novice at the art, was caught in an undertow and dragged beneath the surface. His companions rushed to his assistance, but before they were able to reach the struggling youth life was extinct.

BRUTAL ASSAULT

Magog. — A brutal attack was made upon seventeen-year-old Cecile Gaudreau, of this place, late Thursday night, by some fiend who, after he had inflicted severe bodily injuries to the defenseless young woman, left her lying along the road side, frightened, weakened and only able to cry faintly, "Arrest that man, arrest that man," as a car supposed to contain the person responsible for the assault made a desperate effort to get out of town and away from the law which was soon on his trail.

As soon as it was realized that something terrible had happened the Magog police were notified and arrived on the scene where the young lady had been left. They saw a car speeding in the direction of Sherbrooke and, according to reports, fired several shots at the car in an attempt to blow out the tires and force the driver to come to a stand-still. Their efforts were unsuccessful, however, Captain Prunier, of the Sherbrooke Police force accompanied by Constables Richer and Roy, started towards Magog. Along the way they saw apparently the same car coming at a very fast rate of speed. They also were unable to stop the machine, but remained on the case. The result was that later during the night they held Adelaud Cayer, thirty years of age, an employee at a Sherbrooke's garage but a native of Racine, Quebec, where his wife and several children reside.

Meeting Between Representatives of Local Retailers and S. C. Power Experts — Council Unsatisfied by Explanations — Independent Engineer Will Decide.

COMPLAINTS

Immediately following the sitting of the Council, in Courchesne Hall, last week, a public meeting was held by the representatives of the local Retailers and engineer experts of the Southern Canada Power, to discuss the question of the opportunity for the latter Company to service a 220 voltage for several Retailers asking for it.

As reported in our last week's issue, the Retailers had complained to the town Council that the S. C. Power refused to give a service of 220 volts for the establishments having motors, refrigerators and other important electrical accessories.

The applicants, in their complaint, alleged that their electrical installations are more expensive with a 110 volts current, which is now being serviced, and, besides, give an unsatisfactory service.

(Continued on page 4)

CHOSEN CANDIDATE FOR MEGANTIC

Busebe Roberge, M.P., a merchant in Laurierville, born in 1875, the son of Louis Roberge and his wife, Philomene Blouin. He was educated at Levis College, was married in May, 1894 to Marie Rosseau of Laurierville, has ten children, seven sons and three daughters. Mr. Roberge is directing an extensive business and is one of the best known general merchants in the Eastern Townships. He is also much interested in the lumber business. He has always been a staunch supporter of Sir Wilfrid Laurier's policy. Mr. Roberge was elected by acclamation in a bye-election in 1922, again won in 1925 by 3,667, and carried the county in 1926 in the Liberal interests by defeating his Conservative namesake by 3,240 majority. Not since 1891 has Megantic been Conservative.

Game Licenses Required From Non-Residents

Warning Issued to Visiting Sportsmen of Danger of Fishing and Hunting Without Obtaining Permits.

RULING ENFORCED

A warning has been issued to American sportsmen coming to Canada that they must obtain licenses to fish and hunt in the woods and streams of the Province of Quebec.

According to Mr. J. A. Racette, district inspector of fish and game, non-residents desiring to fish salmon in all waters, whether he is owner of the lands or not, must pay a fee of twenty-five dollars. A license is issued for other varieties of fish for the sum of ten dollars, while this is cut in half in the case of a member of a duly incorporated club that is lessee of a fishing preserve.

In the case of hunters, a fee of twenty-five dollars is imposed, but here again a member of a bona-fide club has an advantage, as his permit may be obtained for ten dollars.

All persons, except actual residents of the Province, are required to equip themselves with these credentials. An active campaign is being carried on by officers of the fish and game branch to enforce this ruling.

Recovering

Very satisfactory progress toward recovery is being made by Hon. A. R. McMaster, Provincial treasurer, according to information received from Dr. W. W. Lynch. Mr. McMaster is in the Sherbrooke Hospital suffering from partial paralysis of the left arm brought on by a cerebral hemorrhage to the right side, which he received following a meeting at St. Edwidge on Sunday evening.

SPORT NEWS

BRIDGEPORT STARS LUCKY TO WIN GAME VS D'VILLE

Score of 7 to 8 for Visitors — Locals Proved Better Batters than Latter — Leduc Pitched Fine Game — Bouchard Slams Over the Fence Again.

UNPOPULAR UMPIRING

Wednesday night's baseball game, at the Gossard Park, was followed with great enthusiasm by numerous fans who came from all parts of the district to see how the locals would measure against the visitors, stalwart members of the Bridgeport Stars, a coloured team. The final score, 7 to 8, favored the latter.

Leduc did splendidly on the mound, fanning 12 batters and balling none, and was well seconded by Demers being the plate.

All the locals were solid at bat. Urbain Pepin took three safe hits out of four turnouts; Bouchard continued his series of home runs, slamming his fifth for three consecutive games; Corriveau and Leduc had each two effective hits to their credit.

Only seven men retired before the coloured pitcher, Gordon. The Bridgeport players proved to be good sportsmen. At several times they complained against the battery umpire, and not always without reason. Complaints were also formulated by the locals against said umpire whose decisions were, in many cases, very unpopular with the fans.

No doubt Lanoue did his utmost to be fair, in the occurrence, but it was evident that, albeit his good intentions, he has not the experience required to act as official behind the home plate. It is too bad, but it is so.

ASBESTOS BEAT D'VILLE BY 4 TO 5 SCORE, SUNDAY

Two Regular Local Players Were Not On Line-Up — Game Became Peppy at Last Two Stanzas Only.

Four hundred fans, three fourths of whom were from Asbestos, were in the stands, at the Gossard Park, Sunday afternoon, when the Asbestos team paid a visit to ours. The game ended with a score of 4 to 5 in favor of the visitors. Up to the eighth inning a whitewash was menacing the locals, then the latter put a dose of pep into their play and registered three successive tallies which they finally increased by one in their last appearance at bat.

Newton was on the mound for the D'villers and pitched a fair game. So did Cote, for the Asbestos. The same amount of errors, five for each side, were made.

Our boys were decidedly weaker than usual at the bat, even Bouchard, the local crowned home run king this season, was fanned four successive times out of five he was called to club.

Lauzière played a fine game and deserves congratulations.

WILL GO TO SHERBROOKE, SUNDAY

The D'ville baseball team will play against the Sherbrooke squad, the St. Roch, on their own ground, next Sunday afternoon. It is expected that several citizens from here will make the trip to the Queen City of the Eastern Townships. All those going and having seating capacity left in their car are invited to let it know to the management of the local team so that arrangements can be made to have as many D'ville fans as possible at the ball game in Sherbrooke, Sunday next.

Organization of Golf Club At Richmond

Officers Elected at Preliminary Meeting — General Notes from District.

Richmond. — A largely attended was held on Friday evening of last week, in the Town Offices, when plans were discussed for the organization of a golf club here, Mr. John McMorine was appointed chairman of the association; Mr. R. McLeod Ross, secretary, and Mr. K. G. Nourse, treasurer. A committee was appointed to look over available properties for a suitable course and report to the association at their next meeting, which is to be held on June 18th.

The secretary was instructed to secure information from other associations as to fees and other matters regarding the administration of the club.

It is hoped that all who are interested in the establishment of a golf course will communicate with the secretary at once, so that the committee may be in a position to know the number of members available.

Doctors Are Puzzled Over New Illness

"Status Lymphaticus" Is Name of Mysterious Malady Which Is Most Commonly Found In People With Silky Hair, Bright Eyes and Clear Skin.

Toronto. — A mysterious malady that lurks unsuspected in the systems of people with silky hair, bright eyes and clear skin, was defined Thursday as "status lymphaticus" by Dr. J. L. Killoran, skilled anaesthetist, before delegates to the Ontario Dental Association annual convention here.

Although apparently radiating health, Dr. Killoran said, many people are sufferers from this disease. It renders them liable to sudden death under an anaesthesia, and what makes the disease particularly deadly from anaesthetist viewpoint, is the fact sufferers of the disease are almost impossible to distinguish because the characteristics are common to many who are perfectly normal, he said.

Title Contest In N. York Was Huge Fiasco

Large Crowd Boomed Disgustingly at Farcical Ending of Another Heavyweight Championship Fourth Round on Foul.

New York. — The fistic world that had hoped to wake up Friday and undisputed world's heavyweight champion discovered, instead that it had just another headache, hang-over and controversy.

Max Schmeling won on a foul from Jack Sharkey within the last six seconds of the fourth round of what was to have been the decisive battle for the heavyweight title that night at the Yankee Stadium, but this victory left the situation as chaotic as were the wild scenes accompanying the abrupt finish of the match.

Severely battered though he had been, the black thatched twenty four year old German youth, who looks, bobs and weaves like the one and only Jack Dempsey, emerged with whatever honors and title claims go with the victory. He may, for the time being, be put at the top of the heavyweight class, at least by his own countrymen and by the New York State Athletic Commission, which proclaimed its right before-hand to crown the winner as the new champion of the world and successor to Gene Tunney, who retired two years ago.

Schmeling's cause may be espoused further by the National Boxing Association and he is a candidate at least for the inscription of his name upon the Muldoon-Tunney Trophy, emblematic of the championship recognition so far as its donors are concerned. But today, cold analysis of the unsatisfactory and disappointing climax to a two year search for a hit monarch of heavyweight ranks appeared to offer no sound basis for proclaiming the young German possessor of honors universal in scope, where neither of the principals in the main test, before hand, held any clear or undisputed claim to championship position.

Dark browed, likeable, courageous Max, experts may hold, should not be penalized and deprived of recognition for events beyond his control, but the fact remained that Schmeling was carried bodily and in apparently great pain from the ring Friday night, the winner, but a badly battered one.

Schmeling was hurt by a punch that was unquestionably low after having been decisively outboxed and outpunched by Sharkey, who with one erratic blow of his first swept away the high honors that seemed almost certain to be his. The German crumpled to the floor, to be carried to his corner and declared the victory only a few minutes after it seemed he was on the verge of being knocked out.

In the third round Sharkey had Schmeling groggy and a quick victory apparently in his grasp. A round later, the tables were reversed with such starting rapidity that scenes of the wildest disorder and confusion developed.

The fatal and final blow, intended as a left hook for the stomach, but somehow misdirected, was delivered as the fighters were close together along the ropes, with the tap of the gong ending the fourth round only a few seconds away. The referee, Jimmy Crowley, on the opposite side of the ring, with Sharkey's back between him and Schmeling, failed to see the punch. Withholding his decision, as the German sank writhing in agony to the floor, Growley hesitated and was almost instantly surrounded and harassed by the managers, seconds and handlers of the two fighters as he sought advice from officials on either side of the ring. With the clamor still at its height and the crowd in a complete uproar, Growley finally accepted the unqualified judgement of one of the judges, Harold Barnes, and pronounced Schmeling the victor on a foul.

Barnes was the only one of the three officials to have an unobstructed view of the final blow and he unhesitatingly called it grounds for disqualification of Sharkey.

The finish was a shock to the big crowd estimated at more than seventy thousand spectators, who had contributed to an estimated "gate" of \$740,000, the largest in three years, in the hope of seeing the long existing heavyweight muddle cleared up by a clean cut victory for either Sharkey or Schmeling. Fans and experts had established Sharkey the favorite, and after the third round expected to see him produce one of his most impressive triumphs. Instead they saw the big and temperamental Bostonian "blow" his best chance for championship recognition, much as by his erratic work he had tossed away two previous chances to climb the heights.

ON THE SAFE SIDE

Conductor — "Yes, under fourteen."
Father — "That's all right, I've only five." — Jearson's.

Four Parties To Leave Soon For Northwest

Reindeer, Mining, Musk-Ox and Patrol Reasons for Different Expeditions This Summer into Northwestern Canada.

Ottawa. — A number of expeditions will set forth this summer into the Northwest Territories, purpose differing in many respects. The reindeer grazing facilities of the Hudson's Bay hinterland between Chesterfield Inlet and the Churchill River will claim the services of A. E. Porslid, Botanist for the Canadian government. It was Mr. Porslid who, in company with his brother R. T. Porslid, investigated the conditions in the Mackenzie River valley and made a report which decided the government to purchase 3,000 reindeer in Alaska and have them driven across the Canadian territory. The reindeer drive is still in progress.

L. T. Burwash and G. E. Blanchet will proceed to Coronation Gulf. The region has now been made available for mining exploration and will be opened up on July 1 this year to prospectors who desire to stake claims. It was the government's desire to have two experienced departmental officers in the Coronation Gulf district to supervise things generally and act applications for claims.

W. H. B. Hoare, who established the Thelon game sanctuary two years ago, will again proceed to that district, near the junction of the Thelon and Hanbury Rivers. It had been ascertained that the last herd of musk-oxen on the North American mainland exists in that sanctuary and the government is desirous of preserving them.

Mr. Hoare will superintend the erection of permanent quarters for two game wardens, one at a point where the Thelon River makes its exit from the district, and the other at a point where the Hanbury River flows into Great Slave Lake crosses the sanctuary boundary on the west.

The "Beothic" will leave North Sydney, N. S. on its annual patrol of Canada's northern islands on July 30. This is one week later than usual. The late start has been occasioned by the desire of the government to have a call made at Devon Island in the central Arctic. The "Beothic" has never steamed into that place. At Devon Island the vessel will replenish the cache at Beech Island which, according to Vilhjalmur Stefansson, saved the life of that explorer and his companion, Sterkenson, several years ago.

Divorce Was Denounced By Presbyterians

General Assembly Termed Modern Divorce "Destroyer of Civilization" and Urged All Ministers to Fight It.

Hamilton. — Modern divorce was unanimously denounced Saturday afternoon by the Presbyterian General Assembly. Rev. Dr. W. S. MacTavish reported for his committee on the subject, and an amendment introduced by Rev. J. V. Ralston could not find a second. The Assembly condemned the institution of divorce as a "destroyer of civilization," and urged all ministers to fight it. The original motion proposed an appeal to the Government for the prevention of remarriage after divorce, but as revised by the committee all mention of legal action is omitted.

The case of Rev. Dr. Robertson Orr, of Vancouver, whose name was removed from the rolls of the Presbyterian Church last year, will not be reconsidered by the General Assembly. Rev. Dr. Orr was suspended by the Assembly which met at Ottawa, on the strength of a civil court decision in which he was involved. When 129 of his former parishioners petitioned that the case be reconsidered, the present Assembly appointed a special committee to examine the new evidence.

The committee reported yesterday that the case should not be reopened, and this verdict was immediately accepted by the Assembly.

TIME FOR AN ALIBI

The Justice of the Peace in a town in Ohio, in pursuance of his duties, had to hear and judge cases that were brought before him, and also perform occasional marriage ceremonies. He found it difficult to dissociate various functions of his office. Everything had gone smoothly until he asked one bride: "Do you take this man to be your husband?" The bride nodded emphatically. "And you," said the Justice turning to the bridegroom, "what have you to say in your own defence?" — Chicago News.

Welland Canal To Be Opened On Labor Day

Intention Had Been to Hold Formal Opening on July 1, But It Is Felt that September 1 Is a More Suitable Date.

Ottawa. — The official opening of the new Welland ship canal will take place September 1 next, it was announced at the Department of Railway and Canals Friday. At present the canal is in operation at both the Lake Erie and Lake Ontario ends.

"We have given the matter most careful consideration," said V. L. Smart, Deputy Minister of Railways, "and would be glad if possible to associate the opening of this important undertaking with the anniversary of Confederation, and have made every possible effort to complete it by July 1."

"We are, however, not satisfied that to undertake the operation of the canal as a whole at that date would be consistent with safe operation of this tremendous new structure of \$120,000,000 have been expended. It is with a view to making certain on that score that we have decided to proceed more deliberately and arrange the opening for September 1st."

No Decision...

FOR AND AGAINST

At the meeting, Mr. Armand Toupin, local electrician spoke for the Retailers and asked the engineers of the S. C. Power Co., why the latter is refusing to furnish their clients with a 220 volts current, which is easy to do, when these clients ask for it because they can use a sufficient quantity of electricity.

The representatives of the Company answered in way which was not sufficiently definite, and which did not give satisfaction to the members of the Town Council.

The discussion lasted for two hours and, at the close of the meeting, it was finally decided that the S. C. P. representatives put down their grounds in writing for the Council, and that the latter will ask an independent electrical engineer to decide upon the question.

Questions...

their rubbish heaped up, in the future, and thus, besides keeping their yards in a better state of cleanliness, help the scavengers in their work.

APPROVE BY-LAWS

A letter from the Deputy-Minister of Municipal Affairs was read informing the Council that the by-laws concerning commutation of taxes to the Dennison Manufacturing have been officially approved. Town Clerk Marier has been authorized to write to the Minister of Highway and to explain to him the urgency of painting the St. Francis river bridge this summer.

DOMINION DAY

A Committee, composed of the Aldermen Belhumeur, Cordeau and Pelletier, and of MM. Dominique Courchesne, C. Mackenzie and A. Rivard, was named to organize a celebration here on the occasion of Dominion Day, July 1.

TRAFFIC

M. Arthur Roux, provincial traffic officer, suggested that the parking, on Heriot street, down town, be effected on the south side, on the left down, in the future, on account of the increasing heavy traffic in that part of the city. The Council will consider the question.

Repairs are to be made without delay on Lindsay street, from the C. N. R. tracks to the Mercure Blvd.

Wilfrid Girouard...

of a brilliant victory on the 28th of next month.

The speaker made an interesting review of what he termed the nefarious 1911-21 administration and recalled what the King government has done to bring back the country on the road of progress and sound finances.

HON. PERRAULT

Hon. Perrault qualified the Conservative Party as one of monopolies and big financial interests, and contrasted it with the Liberal Party which has always taken the best interest of the consumers and the people as a whole.

The speaker, after dwelling lengthily on the Dunning budget, which he qualified as being sincerely Canadian right through, recalled the fact that the Conservatives who were against free trade and reciprocity, in 1911, did nothing, during the ten years they were in power, to change the tariff and increase protection, and they had good reasons not to.

ises that he will never fulfil, and he knows it, and his lieutenants know it, because their realization would cost sums the country would not be willing or able to pay. — C. B. HOWARD

Mr. C. B. Howard, who has been M. P., for Sherbrooke, since 1925, paid high tribute to the chosen candidate, Mr. Girouard, for his excellent work at Ottawa, and predicted that the electors of Drummond-Arthabaska will give him a crushing majority, next month.

Mr. Howard spoke of the Dunning budget and concluded that the Conservatives, who were against trading with the United States, and for trading with Great Britain, in 1911, have changed their minds entirely. This year, and now are claiming that the contrary should now be done. He stressed the fact that the economical crisis is universal just now, and that it is felt in this country as elsewhere, but less here than anywhere else.

Seventy five delegates from every part of the riding represented the Liberal electors at the Convention.

Political...

(Continued from page 1)

Howard, winner of the last two battles. Following the convention, a public meeting will be held, when Hon. Fernand Rinfret, Secretary of State, will make his appearance. Information has been received by Liberal headquarters that during the latter part of June the Prime Minister will visit Sherbrooke to address a public meeting in one of the armories.

BROME-MISSISQUOI

So pleased are the Liberal electors of the riding of the Federal constituency of Brome-Missisquoi over the record of W. F. Kay, for many years representative of the seat, that within five minutes after the official convention opened in Cowansville Thursday afternoon he had received the unanimous nomination for the coming struggle and was delivering his speech of acceptance.

The convention, which was presided over by Hon. Fernand Rinfret, Secretary of State, was graced by the presence of many of the Liberal leaders of the province, including Messrs. C. B. Howard, member for Sherbrooke; C. L. Oliver, representative for Brome at Quebec; and A. Saurette, M.L.A. for Missisquoi.

LYNCH CHOSEN

W. Harold Lynch, K.C., attorney of this city and president of the Eastern Townships Conservative Association, was unanimously chosen standard bearer of the Conservative party for Sherbrooke County in the forthcoming federal elections at an enthusiastic convention held here Saturday night.

"You do not realize what a task you wish me to undertake," said Mr. Lynch in accepting the candid-

ature, "but, feeling as I do at this time, I cannot feel it in my heart to let you good people down."

"I want you to know," he continued, "that I am undertaking this task knowing fully the tremendous responsibilities that rest upon my shoulders. I cannot yet see my way clear," Mr. Lynch said, in referring to private matters which caused him to hesitate before accepting the nomination, "but I have every hope that as the campaign develops I will see light and, with your assistance, will stand in the broad sunshine of Conservative victory, the choice of the people of Sherbrooke County."

Premier King...

tration, and for the next seven weeks, little but this routine may be expected.

The busiest department, where holidays have been barred until after the election, is that of public works. The staff is working on the detail of plans for various public works for which money was appropriated at the recent session.

SIX WEEKS TO POLLING

Six full weeks intervene between to-day and polling on July 28. By the end of this week it is expected that the nomination of candidates by all parties will be pretty well complete while campaigning will be general.

Provincial elections in New Brunswick and Alberta on Provincial issues have stalled, so far, the Federal Campaign apart from candidates being chosen. These elections will be held on Thursday.

Much of campaign literature is being sent out from Ottawa, but the enormous volume will not remove the deficit of the Post Office Department, because it all has to be carried free under the franking privilege.

Conflagration...

property of people not locally resident. One school, thirteen houses and a store owned by Millar and Ployard were destroyed, together with many barns and stables. Colonel F. G. Heriot had a house and a large building in the village consumed. Much of the stock of Millar's store was saved.

Colonel Heriot, at his house on the land where the Golf Links now are, gave shelter to some of the sufferers, his house not having been damaged, but his farm lands were burned over, the fences generally, in the village and on the area partly vacant now and partly occupied by the villa residence of Mr. Russel Weaver, of the Butterfly Company, on St. Georges Road, and five hundred stand of arms therein for use of the Eastern Townships Militia were destroyed.

After the destruction of the village the fire still raged on both
