## **DRUMMONDVILLE SCORES**

Interesting Game Played With Acton-Vale - Cold Weather Prevented Larger Attendance -Score, 5 to 3.

The Drummondville nine defeated Acton Vale, Sunday September 28th., by the score of 5 to 3, before a very small crowd, due to the weather which was winterlike. Those who braved the cold winds were not desappointed, as they witnessed a very nice game. The visitors had Armand Proulx in the box and he was very effective allowing only 10 hits to the local boys and getting out on two occasions of very difficult positions with two or three men on and none retired. His teammates gave him a very good support and special mention should be made for M. Plass who was playing left field; that

boy made very good catches and was very effective at bat. Leduc was on the mound for the local team and as usual Leduc was on the mound for the local team and as usual was very sharp, allowing only 6 hits well scattered and for the price of five. striking out 13 men.

Demers played a very good game and was very good at bat with two hits.

Louis Bouchard discovered his good swing of the beginning of the season when he made a homer in the fifth inning with one men on, after Albert Corriveau had sacrificed to

advance V. Pepin who had taken his base on a grand hit.

Lauziere, Beaulac and Azarias Gauthier in the infield were playing very good ball throwing very effectively at Victor Pepin at 1st base. Urbain Pepin, Albert Corriveau and Louis Bouchard were not very busy in the outfield and in the cold weather would have prefered having more work to do, so as to keep warm.
