FRANCOEUR DECLARES AID TO JOBLESS IN QUEBEC IMPARTIAL

ation of Relief in Province Non-Aligned — Minister Pays Tribute to Senator Dion — Martin Fishblames Government Depression.

OPERATION

— Hon. J. N. Franconi, Minister of Public Works, is of the 1908 vintage, session of the Legislature and the Assembly as a minister while he has explained that unemployment legislation is demanded, Friday that he had his make his bow in a big spoke on the budget, most of the afternoon for the, and ranged over a variety of issues, but because of the wide range of orality he showed, notice he became ironical, and astute, regarding his friend, (Continued on page 4)

Band Concert

Annual Harmony Band Concert take place Thursday night, k. As usual the local music organization will render a programme. Besides the delightful French-Canadian here, will be interpreted, "Le Homard et les Plaisirs de nos Cœurs", by Rene des Cormiers, will audience in a real laugh for a good half hour, we

New Sewers

ected for by the property the present sewer system street will be renewed, between Heriot and street.

PRINCES REMAIN ON SHIP IN HAVANA

Havana. — The Prince of Wales and Prince George, who are travelling to South America were in Havana yesterday forenoon on the liner Oropesa, but left for Jamaica without disembarking. The Oropesa steamed into the harbor at 6.40 a.m. and lifted anchor for Kingston, the next stop, at 11.44 a.m.

Thousands were disappointed that they did not get to see the British heir and his younger brother. As the Oropesa floated in it was followed by the Duchess of Bedford, which broke out all its flags, and the passengers lined the decks for a glimpse of the Princes. Despite the earliness of the hour thousands of Cubans and tourists lined the docks and seawalls but the liner merely dropped anchor in the center of the harbor while immigration and customs officials boarded her. No one had any luck, for the Princes remained inside. News-paper reporters and camera men scurried vainly about the Oropesa in small craft and all they obtained was a good look at the boat.

New Brunswick Books Show a Large Deficit

Expenditures Much Higher Than Anticipated — Surpluses Shown in Former Years.

NET DEBT INCREASE

Saint John, N.B. — The province of New Brunswick had a deficit of \$635,129.27 on its ordinary revenue account for the fiscal year ended October 31st, 1930, according to the annual financial statement published in an extra issue of the Royal Gazette at Fredericton. In the year ended October 31st, 1929, a surplus of \$9,337.80 was shown, while in the previous twelve-month period the surplus was \$198,209.36. The revenues for the year established a new high mark, eclipsing last year's record of \$6,576,238.06 (Continued on page 4)

Auto Travel Established a New Record

589,023 Cars, Carrying Nearly One and a Half Million Passengers, Inspected at Various Vermont Customs Ports.

OTHER PORTS

St. Albans, Vt. — The annual statement of automobile travel in the Vermont customs district for the calendar year 1930, prepared by Collector Harry C. Whitehill, indicates that the volume of such travel during that period surpassed all previous records. Total figures of the year show that 589,023 cars, carrying in the aggregate nearly one and one-half million passengers, were inspected at the various ports and stations throughout the district. Comparison with the records for the four preceding years illustrates how rapidly this kind of travel has increased. During 1929 the total number of cars examined in the district was 468,735 in 1928, the number was 421,035; in 1927, 408,239; while the records for 1926 showed the examination of 299,470 (Continued on page 4)

St. Georges Club

On Thursday evening, February 5th, Prof. H. E. Reiley, of McGill University, will deliver a lecture in St. George's Hall on "Liquid Air and Low Temperatures." The Lecture will be illustrated by lantern slides and numerous experiments, and an interesting evening is in store for all who attend. Admission by Season Ticket or 25c.

For Fire Brigade

As recently asked for by Alderman Pelletier, President of the Police and Fire Committee, 500 feet of hose for the Fire Brigade will be bought without delay, as also a number of headgears and boots for our vigilant flame-fighters.

As Compared With Last Year — Assets \$1,049,273.10; Liabilities \$1,083,777.85; Expenditures, \$140,410.26; Revenues 135,619.25.

LOOKING FOR INDUSTRIAL SITE

A small group of foreign capitalists whose intention, it is said, is to find the most suitable site for the building of a very important industrial plant in this country, visited Drummondville, early last week, in pursuance of the object they have in view. These gentlemen were met by His Worship Mayor Moisan and Alderman Bernard, who facilitated them a visit to the local manufacturers and who gave them all the required information on Drummondville and, of course, warmly invited them to establish their plant in our midst.

Man Comes in Contact With 54,000 Volts

Adrien Verronneau, of Windsor Mills, Victim of Serious Accident Thursday Morning — Was Removing Telegraph Post.

The Board of Trade

The revival of the Drummondville Board of Trade is an occasion of more than ordinary community interest. An invitation to join in the reorganization of this important civic institution is extended to all citizens and these should respond generously. The Board of Trade will deserve the fullest measure of support, as it will be capable of rendering a very important public service.

At no time in its history has there been more important avenues for usefulness presented to such a local organization than at present, or greater reason why a loyal and interested populace should rally to its support.

In particular every business man should join its ranks and do his utmost in order that during the coming year the Board of Trade should function effectively for the betterment of the section it represents.

The election of officers for the coming year and the laying of plans for future activities will be the business of a special meeting, scheduled Saturday the 17th instant, and those who attend, members exclusively, should come prepared to do their part in order that the decisions arrived at may be advantageous to all concerned.

The very best men available should be selected to fill the different offices and man the various committees of the Drummondville Board of Trade during 1931. No one should shirk his duty in this regard. Every citizen should throw himself into the work of making this year the best, if possible, in the history of the town and surrounding sections. There was a time when the Board of Trade here proved to be a worthy instrument of public utility, and, given the proper support, it is capable of rendering a still greater community service in the days that lie ahead.

EAGLE PENCIL CO., OF CANADA, LTD., IS NAME OF NEW LOCAL INDUSTRY

The new industry established in the former Gossard property is the Eagle Pencil Company of Canada, Limited. The new local concern has now started its operations, which will consist, as its corporate appellation shows, in producing lead pencils, to begin with, and later on steel pens, penholders, fountain pens, rubber erasers, mechanical pencils, etc., same as the company actually manufactures in its main establishment in the United States. Hands have already been employed and operations will be in full swing within a short time. Recently, Mr. J. O. Montplaisir organized a contest with a prize of ten dollars for the citizen giving the exact name of the new company. The fortunate winner is Mr. Edgar Larocque, wholesale fruit dealer of Drummondville. Several others took part in the contest, and many firms producing pencils were named, as the Dixon Bros., John Faber Co., American Pencil Co., etc.

MONTPETIT LAUDS WORK OF LIBERALS

St. Therese. — Without referring to the attacks of the Opposition, but confiding his address to a review of the legislation passed by the Quebec Government, since 1919, in matters of health, education, industry, agriculture and social welfare, Dr. Edouard Montpetit, secretary of the University of Montreal, made his official bow in provincial politics here Saturday evening when he spoke at a Liberal rally. The meeting was evidently for the dual purpose of presenting him to the public and defending the work done by the Liberals and more particularly by Hon. Athanase David, Provincial Secretary, and member for the county of Terrebonne. Dr. Montpetit is a prominent educationist in this Province. Although his political views have always been known he has so far refrained from giving public utterance to them. In political circles of late, however, his names is often linked with a place in the Cabinet and his presence here Saturday night did much to strengthen the rumors lately associated with his name.

E. T. NEWS OF INTEREST

J. H. WALSH HONORED

Sherbrooke. — Two hundred residents of Sherbrooke together with officials of the various railway companies gathered at the New Sherbrooke House Thursday evening to honor one of Sherbrooke's most prominent residents, J. H. Walsh vice-president, of the Quebec Central Railway, who was tendered a complimentary banquet on the occasion of his retirement as general manager of the railway. Mayor A. G. Skinner of Sherbrooke, presided, and seated at the head table with him were in addition to the guests of honor: E. W. Beatty, president of the Canadian Pacific Railway; Grant Hall, vice-president; B. J. Quilty, local superintendent; A. A. Gardiner, assistant general passenger traffic manager, C.N.R.; H. H. Melançon, assistant vice-president of the C.

TOUCHED WIRE

Windsor Mills. — When he came in contact with a high tension electric wire carrying 54,000 volts, Mr. Adrien Verronneau, of this place, employed by the Shawinigan Power Company, experienced a miraculous escape from instant death. He was immediately rushed to the St. Vincent de Paul Hospital, Sherbrooke, in a critical state, suffering from severe burns and lacerations to the face and body.

Man Comes in Contact With 54,000 Volts

The accident occurred at about nine o'clock Thursday morning, when the unfortunate man was at work with several companions, removing a telephone post at the Canada Paper Company plant here. While they were engaged unearthing the pole, it suddenly broke and fell to the ground, dragging down several high powered electric wires. Mr. Verronneau happened to have hold of the post as it fell, and came in contact with the falling line. He immediately sustained a shock of

No Night Train

In answer to a demand, made a few weeks ago, the Canadian National authorities have advised the local municipal council that, owing to the present depression of the railway traffic, it is absolutely impossible for them to actually organize a train from Montreal to here that would leave the metropolis late at night.

The Ladies' Guild

The Ladies' Guild will meet on Thursday afternoon, at 3 o'clock, at the home of Mrs. Lobb, Heriot street.

NEARLY SEVEN HUNDRED CARS REGISTERED HERE LAST YEAR

In Other Eastern Townships Towns and Counties — Total of 178,548 Motor Vehicles Licensed in Province in 1930 — 718 in Drummond County — Considerable Increase.

D'VILLE THIRD IN E. T.

A total of 178,548 motor vehicles were registered in the Province of Quebec in the year 1930, according to a statement issued by J. A. Poullet, comptroller of Provincial revenue. The owners of 100,709 of these machines were residents in the cities, 18,987 in towns, and rural municipalities accounted for 58,640 vehicles. Thus cities and towns recorded sixty-seven per cent of the registrations and country places thirty-three per cent. Only 212 were owned outside the province. Licenses were issued for 148,345 passenger cars, 27,820 trucks and 2,383 motorcycles. A total of 2,232 dealers permits or X plates were issued, 23,439 transfers were recorded, 333 licences granted for motor trains, 161 for hire vehicles licensed and 720 trailers registered.

HON. DURANLEAU MAIN ORATOR AT CONSERVATIVES' BANQUET

Minister of Marine Derided Radio Plan of Quebec Premier — Pointed to Benefits He Claimed Conservative Government Already Conferred to Country — Last Imperial Conference.

OTHER ORATORS

If Premier Taschereau intended, as recent utterances implied, to make an attempt to control the ether waves of radio within this province, then he would find himself in the same position as King Canute, who attempted to assert his dominion over the waves of the rising tide and got wet feet and a cold in the head for his pains, Hon. Alfred Duranleau, Minister of Marine in the federal government, declared here Thursday, in an address before the banquet of the Drummond County Conservative Association, held at the Manoir. Mr. Duranleau went on to point out the benefits already conferred upon the country by the federal

TRADERS' APATHETIC IN SPITE OF OPTIMISM OF FINANCIAL LEADERS

Nationalists Shun Proposed Parley

Allahabad, India. — Faced with signs of a slowing down in the campaign of non-violent civil disobedience, the working committee of the Congress party today ordered that there should be no let-up, and again demanded the unconditional release of thousands of political prisoners.

Boycote Choristers

The Boyce Chorale has resumed its regular weekly exercises yesterday night, at the St. Frederick Hall. It is understood that a programme has been elaborated for a concert to be given in the near future. All those wishing to join this organization are most welcome to do so. Mrs. P. Boyce, who directs the latter will be delighted to have their names.

Accident at Filter

A too large quantity of water allowed in the waterworks basin, at the municipal filter, two nights ago, drowned the motors by which the filtering apparatus is run and, consequently, the water service has not been as perfect as usual since then. The municipal authorities are however hopeful that the necessary repairs will have been done by to-night the later, and that the filter will then resume its excellent work.

Must Have Permit

The municipal council has been informed by Dr. J. L. Faillie, of the Provincial Health Department, that now on anyone cutting ice for a commercial purpose must ask for a permit from the town council before doing so.

(Continued on page 4)

Conservative Government, although it has been only six months in power.

Mr. Bennett immediately fulfilled his electoral promise to relieve unemployment, he said, Hon. L. A. Taschereau, on the other hand, he accused of actually standing in the way of relief measures, and challenged him to produce the original of a telegram in which he asserted to the then Premier King there was no unemployment in this province. Mr. Duranleau referred with a touch of humor to the radio question.

RADIO QUESTION

“One of the most important (Continued on page 4)

GOLDS GAINING

Aimless fluctuations and a general atmosphere of caution were the visible signs of an attack of “nerves” from which Canadian stock markets suffered last week. At a half dozen annual meetings of banks, trust companies and insurance organizations, held in various Canadian cities, there was ample evidence that business leaders are confident of the future and look hopefully for further signs of business recuperation. Their statements were echoed in many other quarters but they were not translated into active buying of Canadian securities. Investment demand, which has frequently acted as a stabilizing influence in recent months was present in only small (Continued from page 2)

Under Control

Dr. J. A. Allard has reported to the municipal authorities that the epidemic of measles which was prevailing here a few weeks ago is now well under control. There were yet only 33 cases in all, last week. The two trained nurses employed by the city during the epidemic visited no less than 125 families affected by that illness.

Government Requested to Take Action

Owing to Numerous Complaints Which Have Been Received... Ottawa, Feb. 3. — It is understood that Ottawa's committee on the situation of Parliament some measures are to be taken to rectify some of the anomalies in the Canadian law relating to naturalization and nationality.

The entertainment given last night in St. George's Hall, under the auspices of the Ladies Guild, was a decided success. The splendid attendance was very much appreciated by the ladies.

Mr. and Mrs. Harry Gardner and their two young daughters, Mabel and Guy, of Verdun, Que., were week-end guests of Mr. Gardner's relatives here.

Mr. Frank Lewis is back from a trip to New York. He travelled the auto, from Montreal.

Mr. Domina Gosselin is in Montreal where he is under a medical treatment.

Mr. E. Granger, of Hull, visited relatives here last week.

Mr. J. H. Gosselin in Boston, Mass., where he was called by the death of a sister.

ACCUSED CONSERVATIVE MEMBERS OF PRECIPITATING WOOD CRISIS

Member for St. Maurice, the Centre of the Pulp and Paper Industry, Declares Speeches of Opposition... Quebec. — Charges that the Government was neglecting the poor of the province and that the crisis of the Opposition was the cause of the present depression in the pulp wood industry were made in the Legislature last week.

J. A. Grignon, Liberal M.L.A., said that the Opposition was in the budget debate Wednesday spent little time in paying compliment to the Opposition, being content to quote the words of William Lyon Mackenzie King.

Mr. Frigon said that Mr. Tremblay had accused Hon. Adolphe Godbout of having talked federal politics in a recent meeting, but that had not been the case.

Mr. Frigon criticized the Opposition for rousing labor against capital, race against race, and city against country.

Mr. Frigon said that the Government was to relieve the farmers of obligations in regard to roads that it was.

Those who have been closely following the discussions over the proposed change in the calendar will realize that this month is a "perfect month," that it begins on a Sunday and ends on a Saturday.

Grant to Hospital. The town council, at its last meeting, decided to increase from \$200 to \$300 the annual grant to the St. Croix Hospital.

A "Perfect Month". A casual glance at the calendar, as the leaf for February is turned up, will perhaps not mean much to the average person, except that it is the beginning of a new twenty-eight days in it.

Predict Hoop Skirts to Be Style Again

Claimed that Miss 1931 Will Go Back to Days of Queen Victoria, Empress Eugenie and Even Greek Goddesses for Spring Fashion Suggestions.

New York. — The hoop skirt, with modifications, is due to come back. This was disclosed by Amas Paris, fashion expert.

Not only the hoop skirt idea, originated and worn by the Empress Eugenie, but several fashion ideas which have been revived.

Other inspirations for spring have been derived from the ancient Greek goddesses, whose costumes Mr. Parrish explained consisted of a long, straight tunic and a long, straight skirt.

Bill Longtin was the second son of Mr. and Mrs. E. S. Longtin and lived the entire span of his short life in this place.

He leaves to mourn his untimely death his parents and three brothers.

Card Parties. From now on there will be card parties every Wednesday evening, at the home of Mrs. E. S. Longtin.

Man Comes in Contact. A young man whose brothers and sisters earning wages in the local shops.

DOING HIS BEST. City engineer Bertrand, who was present, said that he did his best to please as many as possible.

Deficit Britain Faces

In the financial year of Great Britain which runs from April 1st of one year to March 31st of the next, it is during the last three months that revenue, especially income tax, flows fastest into the Treasury.

As Germany recovers strength on land and sea its national and monarchist elements will surely exert greater influence upon national policy.

Control of the Geneva war front by dominating Germany is the aim of the Polish and lesser satellites.

The Communist danger. We ought not to wait until the Communists actually go into the streets and make an attack on life and property before regarding these people as enemies of society.

The narrow road. Once for delight through the narrow road, now I go heavily under despair.

A patriotic rebuke. Premier Tachereau very timely and rightly remarked that the threats of secession so often uttered by the crybabies who cannot get the moon when they wish for it.

Holidays in England. English are the last people in the world to yield to the spirit of depression. In fact, it is an unemployment situation that creates general gloom in any other population.

SPORT NEWS

ST. VIATEUR BLANKED LOCALS

Before a fair crowd, Sunday afternoon, the mute and dumb St. Viateur hockeyists of Montreal inflicted a sound defeat to the local team, by whitewashing the latter with a final 3 to 0 score.

The visitors were very flashy, from the opening bell to the end of the third frame, and combined well, showing that they constitute a well trained squad capable of facing practically any amateur team in this province.

Besides evidently being a little, if not a lot, out of luck, the local sextette did not apparently show their usual wares.

Table with columns for Line-ups, Goals, Defs, Forwards, and scores for St. Viateur and D'ville.

CELANESE 4; D'VILLE 2

Wednesday night, the Celanese hockey club shared with the D'ville team the honour of leading in the local League, by a brilliant victory of 4 to 2 against the D'ville sextette.

It must be said here and now that the D'ville squad was out of luck in several of its numerous offensives and that West played splendidly in the goals.

The celanese boys chalked their four tallies in the two first stanzas of the meet. In the third and last act of the play, the D'ville puck-pushers attacked vigorously their vis-a-vis's ground and Bouchard, who was in excellent form apparently and in fact, scored twice in quick succession for his team.

GAME TO-MORROW

To-morrow night the League game between the D'ville and St. Francois will surely attract a goodly crowd of fans. Manager Royce, of the Saints, claims that his players have not as yet shown their best tricks on the ice and that some sur-

prise may await the amateurs here. The Saints are anxious to entice victory, to-morrow, and that means something!

Table with columns for Line-ups, Goals, Defs, Forwards, and scores for Celanese and D'ville.

Thurnblad New Three Cushion Billiard King

Swede Outpoints Hall 50 to 43 After Fifty-Three Exciting Innings of Play.

Chicago. — Arthur Thurnblad, of Chicago, who thought he could play billiards because he was a good geometry student, is the new three cushion champion of the world.

The lanky Swede captured the title, worth between \$20,000 and \$30,000, by upsetting another Chicagoan, Allen Hall, 50 to 43 in fifty-three exciting innings last night in the final match of the 1931 championship tournament.

Thurnblad, a draughtsman by profession, played a consistently brilliant game against Hall as he did in brushing through to the finals. Shaky and erratic at the start of the championship match, he made mistakes that enabled Hall to gain a 25 to 18 lead at the end of the twenty-third inning.

The hard match ended with Thurnblad running out with a cluster of four points. Hall had given him a perfect position after missing a long treacherous bank shot.

More than \$50,000 was wagered on the match, it was estimated, and Thurnblad backers reaped a bumper harvest as their man entered the match on the short and of seven to five odds.

Hall and Johnny Layton, of Seabalia, Mo., the dethroned champion, will meet tonight in a fifty points match to decide second place, which is worth \$4,200 in cash plus a higher share of the gate receipts.

Boy Scout News

1st Drummondville Troop held their weekly meeting as usual at 7.15 p.m., on Friday night, Jan. 30. Present, S. M. H. Kingdon, A.T. L. Morris Sullivan.

A meeting was held on Saturday afternoon Jan. 31st, under the supervision of A.T.L. Morris Sullivan. Others present, P.L. R. Farley, P.L. R. Frost, P.L. L. Doull, F. Thomas, J. Carberry, R. Michelson. Reviewing the following tests. First Aid, compass points, Signaling "Semaphore". The next meeting will be held at headquarters on Friday Feb. 6th, at 7.15 sharp. All the boys are asked to make a special effort to attend this meeting.

New Brunswick Books...

(Continued from page 1) by \$7,488.30. They were however, some \$31,300 below the estimated receipts anticipated in the budget at the last session of the Legislature. The expenditures on the other hand, were much higher than had been estimated. They totaled \$7,218,855.63, as compared with \$6,

563,121 estimated, and \$6,566,860.26 expended in 1929.

The net debt of the province stood at \$40,240,520.14, an increase of \$7,003,940.40 over the previous year when the total was \$33,236,579.74.

The total revenue for the year was \$6,583,726.36, the largest in the history of the province. The largest item in the revenue account was \$1,544,303.08. Net profits from the New Brunswick Liquor Control Board. This was an increase of about \$22,000 over the previous year's profits, exceeding the estimate by \$44,000.

Drummondville Ranks...

Table listing Drummondville ranks with names and scores.

Auto Travel Established...

(Continued from page 1) cars or less than half the number exported for the year just passed. More than fifty-six per cent of all the cars reporting in the district during the year came from the Canadian provinces or from states outside of Vermont, giving a striking illustration of the large volume of tourist travel passing through the state. Of the total number of visiting cars recorded, 160,418 bore Canadian registration, while 172,066 were registered in states outside of Vermont. The number of Vermont cars reported during the same period was 265,539.

The popularity with the motorists of the two highways through Derby Line and Swanton is attested by the fact that nearly one-half all the cars entering the district crossed the border at these two points. Derby Line had a slight advantage over Swanton in this respect, reporting 148,360 cars inspected during the year, as compared with 130,808 for the latter place. Norton Mills reported the next largest number, with 62,471 cars examined, and Canaan was fourth on the list, with 59,279.

Hon. Francoeur Declares...

(Continued from page 1) Aime Guertin, of Hull, there were no dull moments for the crowded galleries. The range of subjects dealt with by the new minister was a wide one, running from some raps at William Tremblay, of Maisonneuve, to dealing with the criticisms of Aime Guertin as given Thursday and which criticisms sum up the electoral matter in use of late on platforms in the province. He also handled in special detail issues as to unemployment matters, notably as regards cooperation between Quebec and Ottawa in the expenditure of relief funds.

Hon. Duranleau...

(Continued from page 1) branches of the Department of Marine, as you know," he said, "is that which controls radio. It is a most important department, and one that is charged by Canada with the task of dealing with a question of international interest. The countries concerned have come to recognize the necessity of sharing the etherial waves, seeing that no frontiers can apply to them. "So it is that today Canada has nine wave lengths for her own exclusive use and 11 others which she shares with the United States. This in practice, brings the question of radio into the international field. It is true the question is not viewed in that way universally; recently, indeed, I read in the newspapers that Mr. Taschereau, Premier of the province of Quebec, was propo-

awaited with interest, and the speech of Mr. Fisher came up to expectations. It had not been expected that Mr. Fisher would immediately take a first place in the oratorical ranks, for native sons of even such fine counties as Mr. Fisher described Huntington to be, and he did not exaggerate in this respect, are noted more for turning out men who speak seldom, and then only to deal briefly with facts. The Huntington victor made a good impression when he showed at the outset that he has not come into the House in a carping spirit, for he led off by compliments to two new Ministers, Hon. Adelaire Godbout, Minister of Agriculture, and Hon. J. N. Francoeur. He showed also that he has a sense of humor, either brought with him from the farm, or caught from his neighbor, Maurice Duplessis, for the suggested that the decision of the Government to take the tax off lightning rods had been due to the storm which returned him as member for Huntington.

Mr. Fisher said that Hon. Mr. Francoeur had been personal in his attacks against Mr. Guertin, and that if one had to be personal in politics he, for one, would prefer to remain outside the political arena. The Premier said Mr. Fisher was out of order in saying that Mr. Francoeur had been personal in his attacks, and this, in turn aroused Maurice Duplessis. Conservative M.L.A. for Three Rivers, who is ever ready to tilt with the Premier, or anyone else offering.

Hon. Mr. Francoeur commenced by saying that it was apparent usual custom was not being departed from on this year on the budget debate, for on that occasion it was usual to have attacks up to the time of an amendment to define the position of the Opposition from that of the right. When the budget is examined item by item a trench warfare starts, and the attacks as usual end in defeat. There have been three speeches by Opposition members on the budget, by Mr. Gault, William Tremblay, and Mr. Guertin. Mr. Tremblay complained of everyone, including the journalists, and notably of the parliamentary correspondents, and insists that the Government inaugurate a Hansard.

Nearly Seven Hundred...

(Continued from page 1) An increase of 9,443 vehicles was recorded in 1930 over 1929, when 169,105 machines were registered. If the figures issued by the government are any criterion, 15,680 cars must have been scrapped in the province in 1930, for the 169,105-vehicles registered in 1929, licenses were renewed on only 153,475 in 1930. Permits were issued for 25,073 new cars.

DRIVERS LICENSES

Drivers' licenses were issued to 205,717 persons, divided as follows: operators, men, 135,269; operators, women, 12,770; chauffeurs, 45,280; temporary permits, 1,917; dealers, 428 and mechanics, 53.

The City of Sherbrooke came third in the province in point of registration, 3,088 licences being issued. Montreal headed the list with 65,667 licenses and Quebec City was second with 9,538. The town of Lennoxville reported 423 registrations, with other parts of the County of Sherbrooke registering 284.

Registrations from various points in the Townships were as follows: Actonville Town, 108; Arthabaska County, 1,165; Arthabaska Town, 68; Bedford, 238; Black Lake, 112; Brome County, 1,505; Bromptonville, 165; Coaticook, 508; Compton County, 1,590; Cookshire, 234; Drummond County, 718; Drummondville, 679; East Angus, 365; Farnham, 420; Frontenac County, 765; Granby, 1,153; Magog, 467; Maple Grove, 9; Megantic County, 795; Megantic Town, 226; Missisquoi County, 1,603; Racine, 3; Richmond County, 1,349; Richmond Town, 375; Scotstown, 118; Shefford County, 930; Stanstead County, 1,687; Theford Mines, 880; Victoriaville, 615; Waterloo, 325; Windsor, 155; Wolfe County, 140.

Figures for counties do not include registrations in the cities and Towns.

Hon. Duranleau...

(Continued from page 1) sing to gain control of radio within the limits of the province. JUDICIAL MATTER "Unless our beloved province is placed in a glass case, Mr. Taschereau's project will be rather difficult to realize, since, as you know, the etherial waves are uncannily unstable, fugitive things, and the most that can be said for the time being on Mr. Taschereau's project is that he has waited for a Conservative regime in Ottawa and the approach of provincial elections before bringing it out. "As to the practical side of the matter, that is, the control of ether waves within a province, to the exclusion of the rest of the world, it reads very much like the old tale of King Canute, who attempted to control the rising tide. The good old king got off with a fool bath and a cold in the head, and the confession to his courtiers that his power had its limitations. "The certain thing is that this question can only be dealt with as a judicial matter, and if a question of this sort is to be submitted to the tribunals, by which I mean superior tribunals having jurisdiction to deal with a supposed conflict between provincial and federal powers, it goes without saying that no initiative in the way of provincial legislation ought to be taken before the question is definitely thrashed out from a constitutional point of view. "The speaker spoke of the benefits already conferred by the Conservative Government. "Six months," he said, "have passed since we came into power. Have the Canadian people any reason for regretting their verdict of July 28 last? I think not. On the contrary, if we are to judge by the tokens of confidence and encouragement that are coming in from all sides, the people are congratulating themselves for having returned to the great Conservative party and for having put at the head of the administration of the country's affairs that man of action and courage, that great patriot, the Right Hon. R. B. Bennett."

convoked an emergency session of the people's representatives, and under his able direction, in less than two weeks, \$20,000,000 was voted to relieve unemployment, a law was passed to prevent the dumping of foreign merchandise on Canadian markets and the tariff was raised on some 200 articles in the tariff list in order to protect Canadian farmers, workmen, and manufacturers.

"It must be added that even before this emergency session we had, by order-in-council closed the doors of Canada to foreign immigration in order to protect still further our Canadian workers."

Whereas Mr. Bennett, in coming into power as federal Premier immediately took steps to improve the situation as regards unemployment by means of a \$20,000,000 grant, among other measures, Hon. Mr. Taschereau provincial Premier, had actually gone to the length of holding up relief measures in this province by denying that there was any unemployment here, the speaker said.

Mr. Duranleau explained at some length the measures put into immediate effect against unemployment by the Conservative Government at Ottawa in fulfillment of their electoral promises. "Ought not the Canadian people to be proud of the results?" he asked, "I have heard but two discordant voices over quite a long period, and, unhappily, they are those of the provincial Prime Minister, Mr. Taschereau, and the Rt. Hon. Mr. King, leader of the Opposition at Ottawa.

RECALLS PREDICTION

Mr. Duranleau recalled his prediction, made by him during the electoral campaign, to the effect that Mr. Bennett would become Prime Minister and that his first actions would be in regard to the unemployment question. This prediction, he proudly pointed out, has been fulfilled to the letter. "The chief adopted by the Conservative party," he continued, "no sooner came into power than he

figure at the last Imperial Conference in London. Mr. Bennett did not fear to affirm there the policy of preference that he had submitted to the people on July 28. He did not fear to reiterate his formula "Canada First", He laid the foundation of a policy of mutual preference between England and her dominions. It is a policy that has been approved by nearly all the dominions. It is a policy that has been approved by nearly all the do-

minions and colonies will be the principal Conference, to Ottawa, will be during the course of year. Napoleon Garneau, President of the Imperial Conservative Association, the chair. Other Laurent Barre, K.C. A. Kirouac, Q. Rivard, mayor
