THE BAG OF SEED BECOMES THE FIELD OF GRAIN . . . BECAUSE OF "ENZYMES"

No human body would develop or maintain its health and strength without the aid of ENZYMES. Through the Dow brewing process, the ENZYMES present in malted barley (which is the foundation of the brew for Dow Old Stock Ale) are enabled to act fully and to cause all the nutritive goodness of the barley to be included in the ale. DOW OLD STOCK ALE gives you this extra supply of health and strength-promoting qualities, in addition to a cool, refreshing, and mellow drink. Try it today . . . you can't lose! Bottled Milk left in the sunlight is found to have an abnormal flavor. Even 10 minutes will produce a no-ciccable effect.—From the MONTREAL GAZETTE. Sunlight is liable to change the flavor of beer in the same way as that of milk. That is why you always find Dow Old Stock Ale in a green bottle. ENZYMES digestive juices and in certain foods, that turn the nourishing elements of food into forms that living cells can assimilate.

Without their aid, most living things would derive no nourishment from food. Their

action is part of nature's life process that

supports all growth development and

LOCAL NEWS

Richmond", a C. P. R. liner for Some distribution of clothing, week to return in five or six weeks and all the Celanese people wish for him as Happy a Christmas time as can be followed by a comfortable year in 1932.

The Hockey season at the Celanese rink opened last Sunday fore-noon with a match between a Canadian team recruited from many parts of the British Empire and, a set of rather decent chaps but, described as the Spondon Gang. The gang contained Holmes, Mansfield, Caulfield, Barker, Tuells, Perman and Son, Trotman and Rowland who bent all their energies to beat the Empire which consisted of Messrs R. H. Sperling. Leo de Verteuil, Roland de Verteuil, F. West, F. L. Collis, B. Prince, Swatton, Clements, and Kelly with Hay. The weather was ideal temperature ten above zero, skies clear and blue, ice good, the play intense resulted in victory for the British Empire team by 3 to 1. No surprise seeing who the Referee was.

It is said the last is the best expression of luxury with safety in flat dwellings in the County of Drummond, it is "The Eureka" on Berard St, erected by Mr. Laferte, Lumber Merchant, of this town. Hardwood floors, large cubic capa-city of each room, plenty of light, a chute to carry under cover all kitchen waste the inlet covered with an automatic lid and the exit is into an incinerator from which nothing disagreeable is seen or smelled. The decorations are described as "Just lovely" and the whole plan is artistically wrought to satisfy the most exacting new beginners in the game of life. The rooms are heated and the snow is shovelled away immediately after its fall two very inviting conditions for the busy man moving in society. The rents are said to be reasonable and who wishes must be up and doing to

occupy of these desirable abodes.

Characteristics of Canadian White Elin

White elm is a moderately strong, hard, and heavy wood. Although not considerable elasticity, and for all bending purposes white elm is one of the leading Canadian hardwoods. Because of its toughness, ability to take and hold nails, and good gluing properties, while elm has come to be regarded with favour in the manufacture of wagons, boxes, wheelbarrows, agricultural implements trunks, sporting goods, and machinery of various kinds.

The sapwood of white elm is usually white or grayish in colour, and the heartwood is generally brown. A characteristic of white elm is the rings, a feature which enhances the natural pattern of the wood, and suggests an important use for this cal year, according to the tenth

great Way-shower, namely, that we Code. Key to the Scriptures, p. 583). Understanding this, the individual can learn through Christian Science that God, divine Love, "the animating divine Principle of all that is real and good," causes him to do the unselfish act — that which brings peace and true satisfaction. brings peace and true satisfaction. Discerning this, the honest seeker after a better way of living begins to love God, and earnestly desires to be governed by God, the Principle

which causes peace and joy. Through Christian Science the individual learns that the real man is ever actuated by the divine Principle which animates all that is real and good. He then sees man as loving, lovely, and lovable. Learnbutes to the newspaper, and finds ing that this is the true selfhood of his neighbor as well as himself, he begins to love this real neighbor, who is ever animated by the divine Drummondville P. Principle, Love. This causes him to express patience, gentleness, forgiveness, tolerance, compassion, un-selfishness, in all his dealings with his fellow men. Discerning this true nature of God and man, the business man does not find it hard to be governed by the Golden Rule. He rejoices that he can always be "fulfilling the law of Love, doing good to all" (Miscellaneous Writings,
